STUDENTS' ASSOCIATION

The Students' Association is the official link between the students of this University and its authorities. All students of this University are members of the Students' Association, and any person who has attended for at least one year at any University in New Zealand or elsewhere for the purpose of taking lectures or pursuing a course of study prescribed by that University and has so attended not later than two years prior to the commencement of the financial year during which application is made for membership of the Association may become a member by paying the Students' Association fee.

The objects of the Students' Association are to deal with all matters in which the students as a body are interested; to promote sports and social activities amongst its members; to control official publications; to conduct Inter-University Tournaments and the annual Capping Celebrations; and to conduct all other student activities designed to promote student interest and welfare.

Student activities are controlled by the Students' Association Executive, an annually elected body of thirteen members of the Association. The various cultural, sporting, social and intellectual interests of the student body are catered for by Clubs and Societies affiliated to the Students' Association.

Full information as to any matters affecting the Students' Association may be obtained on application to the Association Office.

(3) Every such delegation shall be revocable at will, and no such delegation shall prevent the exercise of any power or the performance of any duty by the Council.

(4) Unless and until any such delegation is revoked, it shall continue in force according to its tenor.

Council may from time to time make such regulations of the University as may in its opinion be necessary or expedient for the administration of the affairs of the University.

(3) Without limiting the generality of the foregoing provisions of this section it is hereby declared that statutes and regulations so made may prescribe any matters which by this Act are required or permitted to be prescribed or with respect to which statutes or regulations are, in the opinion of the Council, necessary or expedient for giving effect to this Act.

(4) Subject to the provisions of section 36 of this Act and, where required by any Act, to the consent of the University Grants Committee or the Curriculum Committee, the Council may make statutes or regulations with respect to all or any of the degrees and other academic qualifications, certificates, fellowships, scholarships, bursaries, prizes, and awards of the University which the Council may confer or award, and with respect to general courses of study and personal courses of study for the same.

(5) All such statutes and regulations shall be in writing.

(6) No statute passed by the Council of the University as aforesaid shall come into force until it has been approved by the Governor-General.

(7) All such statutes and regulations shall have effect according to their tenor, and shall be published by the Council.

(8) A copy of any such statute or regulation under the seal of the University shall be sufficient evidence in all Courts of the same and of its having been made and (where necessary) approved in accordance with this section.

23. SEAL OF THE UNIVERSITY—The seal of the University shall be in the custody of the Registrar or such other officer as the Council may appoint, and shall not be affixed to any document except pursuant to a resolution of the Council or by the authority of a resolution of a committee of the Council acting in accordance with an authority for that purpose conferred upon it by the Council.

- (b) Misconduct or a breach of discipline on the part of the student; or
- (c) The person not having attained the age of sixteen years on the previous thirty-first day of December, or the person not having attained any other age prescribed in respect of any course of study by any course regulations within the meaning of the Universities Act 1961; or

The Council may from time to time make further statutes for all or any of the purposes specified in this subsection, and may by statute repeal or amend any statute made under this subsection. No statute made under this subsection shall come into force until it has been approved by the University Grants Committee.

No such statute shall come into force until it has been approved by the University Grants Committee. Every such definition that is made by statute under this subsection shall be conclusive for all purposes.

(6) A person admitted to the status of the holder of a degree or other academic qualification or part thereof of the University shall not be deemed to be the holder of the degree or other academic qualification or part thereof, nor shall he be entitled to be enrolled as a graduate of the University, but he shall be entitled to proceed to any degree or other academic qualification of which the degree or other academic qualification or part thereof to the status of which he has been admitted is a prerequisite upon the same terms and conditions as those upon which a holder of the degree or other academic qualification or part thereof is entitled so to proceed.

(7) Where a person who has been a student of another University and has matriculated at any University in New Zealand is admitted to the Victoria University of Wellington for the purpose of pursuing a course of study at that University, the Council of that University shall give him such credits as it considers appropriate for any units or subjects which he has already passed in New Zealand and with which he has been credited towards a degree or other academic qualification in his former University or grant him such exemptions as it considers appropriate, so that he may complete his course without suffering undue hardship as a consequence of his transfer.

(8) Any person who is eligible to be admitted or who has been admitted to a degree of the University of New Zealand, or who has been admitted *ad eundem* at graduate status by the Senate of the University of New Zealand shall be deemed to be of equivalent status in the Victoria University of Wellington for the purpose of proceeding to a degree or other academic qualification of the Victoria University of Wellington, and shall, subject to the course

Provided that, in approving his personal course of study, the Professorial Board may, at its discretion, require any such person to complete such supplementary courses as it thinks fit either as a prerequisite to or concurrently with his course of study for the degree or other academic qualification for which he is a candidate.

(9) The provisions of subsection (8) of this section shall, with the necessary modifications, apply to any person who is eligible to be awarded, or who has been awarded, a diploma of the University of New Zealand, or to any person who has been admitted *ad eundem* by the Senate of the University of New Zealand to the status of a holder of a diploma of that University.

(3) Unless the Chancellor sooner resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, he shall continue to hold the office until his successor is elected, and (subject to the provisions of section 10 of this Act) shall be eligible for re-election.

(4) If the Chancellor resigns from that office or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, the Council shall elect some eligible person to be Chancellor for the remainder of the term for which the vacating Chancellor was elected.

(5) For the purpose of the election of the Chancellor for any term, the Registrar of the University shall preside at the meeting, but shall not be entitled to vote. In the event of an equality of votes the election shall be determined by lot.

26. ELECTION OF PRO-CHANCELLOR—(1) At its first meeting held in the month of July in each year, the Council shall elect one of its members who is eligible to be elected as Chancellor to be the Pro-Chancellor of the Victoria University of Wellington.

(3) If the Pro-Chancellor resigns from that office, or vacates his office as a member of the Council under subsection (1) of section 11 of this Act, or is elected to be the Chancellor, he shall thereupon vacate the office of the Pro-Chancellor, and the Council shall elect one of its members who is eligible to be elected as Chancellor to be the Pro-Chancellor of the Victoria University of Wellington for the remainder of the term.

(4) During any vacancy in the office of Chancellor, or in the absence of the Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, the Pro-Chancellor shall have and may exercise and perform all the powers and duties of the Chancellor.

27. RIGHT TO PRESIDE AT MEETINGS OF COUNCIL—The Chancellor shall preside at every meeting of the Council at which he is present. If at any meeting of the Council the Chancellor is not present or there is no Chancellor, the Pro-Chancellor shall preside at the meeting; and if the Pro-Chancellor also is not present at the meeting or there is no Pro-Chancellor, the Council shall appoint some member present to preside at that meeting. The Pro-Chancellor or person so appointed shall have and may exercise in any such case all the powers and functions of the Chancellor for the purposes of the meeting.

prescribed in that behalf by statutes or regulations made under the authority of this Act:

- (e) On the occurrence from any cause of a vacancy in the office of Chancellor, or in the absence of the Chancellor from New Zealand, or while he is incapacitated by sickness or otherwise, if there is also a vacancy in the office of Pro-Chancellor or the Pro-Chancellor is absent from New Zealand or is incapacitated by sickness or otherwise, the Vice-Chancellor shall exercise the powers of the Chancellor in relation to the conferring of degrees and the award of other academic qualifications and distinctions.

(3) The Vice-Chancellor may appoint any member of the Professorial Board to attend in his place the meeting of any board, committee, or other body which is not constituted by or under this Act (whether created by or under any other Act or otherwise) of which the Vice-Chancellor is a member. Any person so appointed shall while so attending be deemed for all purposes to be a member of the board, committee, or other body and may exercise all the rights and powers which the Vice-Chancellor could have exercised had he been personally present. The fact that any member of the Professorial Board so attends shall be sufficient evidence of his authority so to do.

29. DEPUTY VICE-CHANCELLOR—(1) The Council may from time to time appoint as the Deputy Vice-Chancellor of the University one of the members of the Council appointed to the Council by the Professorial Board:

Provided that before making such an appointment the Council shall receive and consider any recommendation that the Professorial Board may make in that behalf, unless that Board, having had a reasonable opportunity to make such a recommendation, has failed to do so.

(2) The Deputy Vice-Chancellor shall hold office for such period as may be determined by the Council:

Provided that he shall cease to be Deputy Vice-Chancellor upon ceasing to be a member of the Council appointed by the Professorial Board.

such person from any such meeting, the members present shall elect one of their number to be Chairman for the purposes of that meeting, and the person so elected shall preside at that meeting.

(2) At any meeting of the Professorial Board the person presiding shall have a deliberative vote, and in the case of an equality of votes shall also have a casting vote.

(3) Every question before the Professorial Board shall be decided by a majority of the valid votes recorded thereon.

33. PROCEEDINGS OF PROFESSORIAL BOARD NOT AFFECTED BY VACANCIES, ETC.—No act or proceeding of the Professorial Board, or of any committee thereof, or of any person acting as a member of the Professorial Board, shall be invalidated in consequence of there being a vacancy in the number of the Professorial Board at the time of that act or proceeding, or of the subsequent discovery that there was some defect in the appointment of any person so acting, or that he was incapable of being or had ceased to be such a member.

34. FUNCTIONS OF PROFESSORIAL BOARD—(1) The Professorial Board shall have power of its own motion, or at the request of the Council, to make recommendations or reports to the Council on any matter affecting the University.

Provided that the Council may prohibit, or impose conditions in respect of, the delegation by the Professorial Board of any power or duty that is delegated to that Board by the Council.

(3) Every such delegation shall be revocable at will, and no such delegation shall prevent the exercise of any power by the Professorial Board.

(4) Unless and until any such delegation is revoked, it shall continue in force according to its tenor.

(5) It shall not be necessary that any person who is appointed to be a member of any such committee, or to whom any such delegation is made, shall be a member of the Professorial Board.

36. COUNCIL TO CONSULT PROFESSORIAL BOARD ON ACADEMIC MATTERS—The Council shall not make any statute or regulation or decision in relation to entrance to the University or to any course of study or to the prescription of any subject for any degree or other academic qualification or certificate, or to any fellowship, scholarship, bursary, prize, or award or the examination or qualification therefor, or to the admission, attendance, and discipline of students, or to examinations and other academic tests, or to the appointment of examiners, assessors, or moderators, or to honorary degrees and other academic distinctions, or to the affiliation of any institution or branch or department thereof, or any other academic matter, until it has first received and considered any recommendation that the Professorial Board may make in that behalf, unless that Board, having had a reasonable opportunity to make such a recommendation, has failed to do so.

(2) The Council may at any time revoke any such affiliation, recognition, admission, or acceptance.

Financial Provisions

39. BENEFACTIONS TO BE STRICTLY APPLIED—Subject to the provisions of the Charitable Trusts Act 1957, all benefactions at any time vested in or enjoyed by the University with a declaration of trust, or as an endowment for the promotion of any particular branch of science or learning, shall be applied strictly by the Council accordingly.

40. APPLICATION OF INCOME AND CAPITAL OF UNIVERSITY—Subject to the provisions of this Act and any other Act and to the terms of any trust or endowment, the income and capital of the University shall be applied in doing whatever the Council thinks expedient in order that the University may best accomplish the purposes for which it is established.

41. MONEY TO BE PAID INTO BANK—(1) All money received by the University amounting to ten pounds and upwards shall, as soon as practicable after it has come into

the hands of the proper officer of the University, be paid into such bank account or accounts of the University as the Council from time to time determines.

(2) No such money shall be withdrawn from the bank except by authority of the Council and by cheque signed by an officer of the University approved by the Council, and countersigned by a member of the Council, or by another officer of the University, approved by the Council:

Provided that it shall be lawful, with the prior consent in writing of the Audit Office and subject to such conditions as the Audit Office prescribes, for any money to be paid by the Council by cheque issued by means of a cheque-writing machine, and every such cheque issued by means of such a machine and bearing a facsimile of the signatures of the persons authorised pursuant to the provisions of this section to sign and countersign cheques shall be deemed to have been duly signed and countersigned in accordance with the provisions of this section.

42. LOAN MONEY TO BE PAID INTO A SEPARATE ACCOUNT—All money borrowed by the Council on behalf of or for the purposes of the University, other than money borrowed under section 52 of this Act, shall be paid into a separate bank account in the name of the loan, and shall not be drawn out of the bank or expended except for the special purposes for which it was borrowed.

43. INVESTMENT OF MONEY—Subject to the terms of any trust or endowment, any money belonging to or vested in the University and available for investment may be invested in accordance with the provisions of the Trustee Act 1956 as to the investment of trust funds, or in such other manner as the Minister of Finance from time to time approves.

- (a) A Common Fund to be known as the Victoria University of Wellington Common Fund;
- (b) A Reserve Fund to be known as the Victoria University of Wellington Common Fund Reserve Fund;
- (c) A Common Fund Income Account to be known as the Victoria University of Wellington Common Fund Income Account.

(2) Subject to the provisions of this section, if the Council has established the said funds and account, it may invest any trust funds in its possession, whether at the time in a state of investment or not, whether they came into its possession before or after the commencement of this Act, and whether they comprise the whole or part of the trust estate to which they belong, either—

- (a) On a separate account in respect of the trust estate to which the funds belong; or
- (b) If the funds are not directed to be invested in some other specified manner, and investment in the said Common Fund is not inconsistent with the terms of the trust instrument (if any) governing the funds, as part of the said Common Fund.

(3) All funds forming part of the said Common Fund shall be invested in the manner required by section 43 of this Act.

(4) Where any funds of a trust estate are in the possession of the Council and are lawfully invested in any investment in which the said Common Fund may be invested as aforesaid, then, if in accordance with paragraph (b) of subsection (2) of this section the funds could be invested as part of the said Common Fund, the Council may transfer that investment to the said Common Fund and give credit in that Fund to the trust estate for such amount as it considers proper, having regard to its

duty to be fair to all those interested in the said Common Fund and to those beneficially interested in the capital and income of the trust estate to which the investment belongs. Upon any investment being so transferred it shall cease to form part of the trust estate to which it formerly belonged.

(5) Investments made from funds forming part of the said Common Fund shall not be made on account of or belong to any particular trust estate, but the Council shall cause to be kept an account showing at all times the entitlement of each trust estate in the said Common Fund.

(6) All income derived from the said Common Fund and from the investments and money included therein shall be paid into the said Common Fund Income Account.

(7) In each year interest on the amount of the entitlement of each trust estate in the said Common Fund shall be transferred from the said Common Fund Income Account and credited to that trust estate at such uniform rate as may from time to time be determined by the Council:

Provided that in no case shall the rate so determined be lower than one-half per cent below the rate which would be so paid if all the income paid into the said Common Fund Income Account in that year was so transferred.

(8) The Council shall also each year pay into the said Reserve Fund—

- (a) All income in the said Common Fund Income Account which is not transferred to any trust estate in that year in accordance with subsection (7) of this section:
- (b) All capital gains arising in connection with the said Common Fund.

(9) The funds forming part of the said Reserve Fund shall be kept separate from all other trust funds, and shall be invested in the manner authorised by section 43 of this Act.

(10) All income paid into the said Reserve Fund as aforesaid, and all income derived from the said Reserve Fund and from the investments and money included therein shall be applied as the Council thinks fit in any one or more of the following ways:

- (a) Towards augmenting the capital of the said Reserve Fund:
- (b) Towards stabilising or increasing the income of the said Common Fund:
- (c) Towards reinstating any losses of capital in the said Common Fund.

(11) The capital of the said Reserve Fund may, if the Council thinks fit, be applied in reinstating any losses of capital in the said Common Fund.

(12) The Council may at its discretion at any time withdraw from the said Common Fund any amount for the time being to the credit of any trust estate in the said Common Fund; and where any amount is being so withdrawn—

- (a) If the capital of the said Reserve Fund has increased while the said amount was in the said Common Fund, the Council shall pay out of the said Reserve Fund and add to the amount so withdrawn, as capital, such amount (if any) as it considers equitable having regard to the length of the period during which the amount was in the said Common Fund and to the proportion which the said amount bears to the average amount of the total assets of the said Common Fund during that period:

(b) If losses of capital in the said Common Fund have occurred during the said period, then, so far as those losses have not been reinstated and cannot be reinstated from the amount in the said Reserve Fund at the time of the withdrawal, that amount shall bear its proportion of those losses, as determined by the Council, and the amount being so withdrawn shall abate accordingly.

45. TRAVELLING ALLOWANCES AND EXPENSES OF MEMBERS OF COUNCIL—(1) The Council may pay to each of its members travelling allowances and expenses; and, in respect of travel in New Zealand, those allowances and expenses shall not exceed those payable in accordance with the Fees and Travelling Allowances Act 1951, and the provisions of that Act shall apply accordingly.

(2) In respect of travel in New Zealand the Council is hereby declared to be a statutory Board within the meaning of the Fees and Travelling Allowances Act 1951.

46. COUNCIL MAY INSURE MEMBERS AGAINST PERSONAL ACCIDENT WHILE ENGAGED IN DUTIES—The Council may from time to time enter into contracts of insurance of a type for the time being approved by the Minister of Education insuring members of the Council against loss from personal accident arising out of and in the course of the exercise of their powers or duties as members of the Council, and may pay the premiums payable in respect of those contracts.

47. UNAUTHORISED EXPENDITURE OF COUNCIL—The Council may in any financial year of the University expend out of the general fund of the University for purposes not authorised by any law for the time being in force any sum or sums not exceeding in the aggregate a one-thousandth part of the revenue of the University from all sources for the immediately preceding financial year.

48. COUNCIL TO PRESCRIBE FEES—There shall be payable by the students of the University or any of them such fees as the Council from time to time prescribes:

Provided that scales of tuition and of examination fees may be so prescribed only with the concurrence of the University Grants Committee.

49. FEES PAYABLE TO ASSOCIATIONS OF STUDENTS—The Council shall have power to impose and collect from time to time from students of the University or from any of them such fees as it considers reasonable for the benefit of any association or organisation of students of the University, and to dispose of those fees accordingly.

50. GRANTS BY COUNCIL TO ASSOCIATIONS OF STAFF OR STUDENTS—The Council may from time to time make grants or loans from its funds on such terms and conditions as it thinks fit to any association or organisation of staff or students of the University.

51. POWERS OF COUNCIL IN RESPECT OF PROPERTY—(1) Without limiting or in any way affecting any other powers conferred upon the Council by this Act or any other Act or by law, it is hereby declared that, subject to the provisions of this section, the Council may do all or any of the following things on behalf of and for the purposes of the University, namely:

- (a) Establish, build, maintain, repair, add to, alter, rebuild, reinstate, conduct, manage, and control halls of residence for students, professors, and other academic staff, and houses for professors and other academic staff and any other of its employees whatsoever, and buildings and rooms and other facilities for the recreation or social use of students, professors, academic staff, and other employees:

- (b) Purchase, take on lease, or otherwise acquire any real or personal property for any purposes whatsoever in connection with the University or any institution controlled by the Council;
 - (c) With the consent of the Minister of Education in the case of land and in other cases without his consent, sell or otherwise alienate any right, title, estate, or interest in any real or personal property vested in the University;
 - (d) With the consent of the Minister of Education, borrow money from the Crown or from any corporation or person; and (for the purpose of securing any money so borrowed) mortgage, charge, or pledge any right, title, estate, or interest in any land vested in the University;
 - (e) Grant leases of any land vested in the University; and for that purpose the Council is hereby declared to be a leasing authority within the meaning of the Public Bodies' Leases Act 1908;
 - (f) On such conditions as may be prescribed by the Minister of Finance, guarantee loans made to members of the staff for housing purposes by other persons and bodies.
- (2) Notwithstanding anything to the contrary in the Public Bodies' Leases Act 1908 or in any lease granted by the Council, the Council may—
- (a) In its absolute discretion, at any time not earlier than three years nor later than one year before the date of the expiration of any lease of any land vested in the University that does not confer a right of renewal, grant a renewal of the lease upon such terms as it thinks fit; and the provisions of this paragraph shall apply to any such lease whether granted before or after the commencement of this Act:

- (b) With the consent of the Minister of Education, grant leases of land vested in the University upon such terms as that Minister may approve:
- (c) Grant leases and licences for the extraction and removal of coal and other minerals from land vested in the University at such rent or royalties and upon such terms and conditions as the Council may determine.

52. POWER TO BORROW BY WAY OF OVERDRAFT OR TEMPORARY LOAN—In addition to the powers conferred by section 51 of this Act, it shall be lawful for the Council, in anticipation of its revenue, from time to time to borrow money by way of overdraft or on temporary loan on behalf of and for the purposes of the University:

Provided that the amount so borrowed shall not at any time exceed one-twelfth of the revenue of the University from all sources during the immediately preceding financial year of the University:

TRANSFER OF TERMS

5. Terms kept at any other university shall not be valid for a course at the Victoria University of Wellington unless the Professorial Board, after considering the scope of the two courses and other relevant circumstances, so determines. In permitting terms to be transferred under this regulation the Professorial Board may impose such conditions as it thinks fit regarding supplementary work to be undertaken by the candidate.

NOTE: Terms kept in any subject at the Victoria University of Wellington are not valid for a course at any other university or college unless the statutes or regulations of that university or college so provide.

TRANSFER OF STUDENTS

A student transferring from some other university in New Zealand to the Victoria University of Wellington must make a fresh application for matriculation at this University: see Matriculation Regulations.

The Victoria University of Wellington Act 1961 provides that in such a case the Council shall give the candidate such credits as it considers appropriate for any units or subjects which he has already passed in New Zealand and with which he has been credited towards a degree or other academic qualification in his former university or shall grant him such exemptions as it considers appropriate, so that he may complete his course without suffering undue hardship as a consequence of his transfer.

As to transfer of terms see Terms Regulations, reg. 5.

EXAMINATION REGULATIONS

TIME-TABLES

1. (a) The examinations conducted by the University shall be held at the places and times specified in the examination time-tables published by authority of the Council.

(b) Where the examination in a subject includes any oral or practical test or examination a candidate shall present himself for examination at an examination centre appointed for the conduct of the oral or practical test or examination.

NOTE: A candidate who at the date of examination is not residing in the Victoria University of Wellington District must attend an examination centre in this University District unless arrangements can be made for him to be examined at an examination centre of another university.

ENTRY FOR EXAMINATION

2. (a) Every candidate for any examination shall give notice in writing, on the form provided, of his intention to present himself for examination.

(b) The notice shall be sent so as to reach the Registrar by the closing date specified in the University Calendar, and shall be accompanied by the prescribed fee, provided, however, that the notice and fee may be received within twenty-one days after the specified date if accompanied by the prescribed late fee, and provided further that subject to the approval of the Vice-Chancellor the notice and fee may be received more than twenty-one days after the specified date if accompanied by the prescribed late fee and fine.

RESTRICTIONS ON ENTRIES; CROSS-CREDITS AND EXEMPTIONS

3. (a) No candidate shall enter in the same year for more than two distinct courses for degrees and diplomas. A candidate entering for two courses shall be permitted to present himself for examination in only two subjects more

than the maximum number allowed in either course, and shall comply with the statutes and regulations governing both courses.

(b) A candidate who has been credited with a pass in History of Philosophy may enter concurrently for examination in Philosophy I and Philosophy II. Except as so provided, no candidate shall present two stages of a subject at the same examination unless the Vice-Chancellor on the recommendation of the Professorial Board so permits.

(c) No candidate shall be allowed to present himself for an examination in a subject for which he has received credit for another degree or diploma.

(d) Except where otherwise provided in any course regulations a candidate who has been credited with passes in units or subjects common to two or more courses may transfer not more than three units or subjects passed in one course to any one other course and shall pay the prescribed fee for each unit or subject so transferred. A unit or subject may not be transferred under this regulation unless it was passed at the standard required in the course to which it is to be transferred. A unit or subject in which terms were not kept may not be transferred to a course in which terms are required. No candidate shall be allowed to obtain credit for the same unit or subject in more than two courses. No Stage III unit or subject shall be transferred from one course to another. No subject of a course for a Bachelor's degree with Honours or for a Master's degree shall be transferred from one course to another. Wherever a candidate is unable to transfer a unit or subject compulsory in his second course he may present another unit or subject approved by the Professorial Board in place of it.

(e) A candidate who is exempted from passing in a unit or subject of a course by reason of having passed or

been credited with a pass in that unit or subject or its equivalent in another course shall pay the prescribed fee.

EXAMINATION PROCEDURE

4. The examinations shall consist of such written, oral and practical examinations as are prescribed by course regulations. In addition the examiners may at their discretion require any candidate for Honours or for a Master's degree to submit himself for oral examination.

5. Candidates shall write out answers to the questions in the presence of a Supervisor, who shall be appointed or approved by or on behalf of the Council, and in accordance with such detailed instructions as may be furnished by the Council.

6. No candidate shall communicate with an examiner in regard to an examination except through the Registrar.

7. The examination scripts shall be transmitted to the examiners, who shall report the results of the examination to the Registrar. The examiners may take into consideration the work done by the candidate during the year.

8. At the conclusion of examining all examination scripts which the Head of the Department does not elect to retain shall be delivered to the Registrar. Scripts so delivered to the Registrar shall be destroyed after a period of three months.

RECONSIDERATION OF SCRIPTS

9. By making written application to the Registrar within four weeks from the date of the posting of the official result of his examination and on paying the prescribed fee any candidate for a degree, diploma or certificate of proficiency may have his scripts reconsidered by the examiners. Reconsideration shall cover only a careful re-marking of the scripts together with consideration of

the work done by the candidate during the year. No information from the candidate shall be placed before the examiners.

HARDSHIP FROM CHANGE OF REGULATIONS

10. In any case where it is shown to the satisfaction of the Vice-Chancellor that any alteration or amendment of a University statute or regulation involving a change in a course of study or in examination requirements has caused hardship to a student, the Vice-Chancellor may make such provision as he thinks fit for the relief of such hardship. The student may appeal from the decision of the Vice-Chancellor to the Council, which may make such provision as it thinks fit.

AEGROTAT PASS

11. A candidate who has been prevented by illness or injury from presenting himself at any examination, or who considers that his performance in any examination has been seriously impaired by illness or injury may, on application, and with the approval of the Vice-Chancellor of the University or the Vice-Chancellor of the Massey University of Manawatu as the case may be, be granted an *aegrotat* pass, subject to the following conditions:—

(i) that the candidate is an internal student, or an extramural student enrolled for tuition through the Massey University of Manawatu;

(ii) that the illness or injury was reported at the earliest possible opportunity;

(iii) that as soon as practicable after the examination the candidate furnish to the Registrar a certificate (on the form provided) from a registered medical or dental practitioner stating—

(a) that he examined the candidate on a certain date;

(b) that in his opinion the candidate was unable through illness or injury to present himself for the exam-

ination, or that in his opinion the candidate's performance in the examination was likely to have been seriously impaired by illness or injury;

(c) the nature of the illness or injury, to be stated in sufficient detail to make it clear that the candidate was not responsible for his disability, and in a form suitable for submission in cases of doubt to a medical or dental referee;

(iv) that the candidate's university teachers in the subject or subjects of the examination certify that his work therein during his course of instruction was well above the minimum pass standard (or where relevant the minimum standard for a class of Honours) and that he is in their opinion clearly worthy of a pass in that subject or subjects (or where relevant to be awarded First, Second or Third Class Honours), provided that Honours may not be awarded to a candidate who applies under this regulation in respect of more than one paper for an Honours degree involving not more than four papers or in respect of more than two papers for an Honours degree involving five or more papers;

(v) that the quality of any work which the candidate has completed in the examination in a subject, including work in papers not affected by his illness or injury, be taken into account;

(vi) that if the candidate was an extramural student he sat at least one final examination paper in the subject in which he is applying for an *aegrotat* pass.

12. Where by reason of personal bereavement near the date of examination or other critical personal circumstances involving the health of a close relative a candidate has been prevented from presenting himself at any examination or considers that his performance in any examination has been seriously impaired he may, on making application and with the approval of the Vice-Chancellor, be

granted a pass under this regulation, subject to compliance with the conditions in clause (i), (iv), (v) and (vi) of regulation 11, and subject to the condition that the bereavement or other circumstances be reported at the earliest possible opportunity.

13. Where a case has been referred back to an examiner pursuant to the decision of a meeting of examiners the examiner shall have power to award a compensation pass. Such a pass shall not be accepted as satisfying any prerequisite under course regulations.

THESIS

14. (a) Where only one copy of a thesis is submitted for any examination and if this is accepted, the University shall retain the copy and transfer it to the University Library. Where more than one copy is submitted, and the thesis is accepted, one copy shall be retained and transferred to the University Library, and other copies shall be disposed of as the Head of the Department may direct.

(b) A candidate shall communicate with his Supervisor before commencing work on his thesis, and must thereafter fulfil the requirements laid down by the Supervisor in respect of that work.

(c) A candidate presenting a thesis for a Master's degree shall lodge two copies of the thesis.

(d) The Supervisor of the thesis shall be responsible for the deposit of the thesis in the Library.

(e) Every thesis deposited in the Library shall, unless the Librarian otherwise approves, comply with the following requirements:—

(i) the copy deposited shall be the original;

(ii) the paper shall be quarto size and of good quality;

(iii) the thesis shall be bound to the satisfaction of the Librarian and the name of the author and the title shall be printed on the outside.

NOTE: Students are recommended to consult the Librarian before proceeding with the typing and binding of the thesis.

MISCONDUCT

15. Any candidate who is found guilty of any dishonest practice in connection with any examination or of any breach of any rules dealing with the conduct of examinations shall be liable to the penalties hereinafter provided. The candidate shall, before the meeting of the Professorial Board at which it is proposed to deal with the complaint, be given reasonable notice in writing of the subject matter of the complaint. He may if he wishes state in writing his answer to the charge, and he may appear when the complaint is being determined. If the Professorial Board finds the charge proved it may disqualify the candidate from sitting for any examinations for such period as it thinks fit and may, if he has been credited with a pass in the examination in respect of which the charge arose, cancel such credit.

16. Where the Professorial Board is satisfied that a candidate has not complied with any statute regulation or rule of the University, whether in respect of any examination or any other matter, the Board, after giving the candidate such opportunity as it considers reasonable of remedying his non-compliance, may cancel his examination entry, may suspend for such time as it thinks fit the release to the candidate of the results of any examination, and may decline to credit to his course any subject or subjects or cancel any such credit.

17. A candidate may appeal to the Council from any decision of the Professorial Board under regulation 15 or 16 by giving notice in writing to the Registrar within

fourteen days of being notified of the decision of the Professorial Board. A candidate so appealing shall be entitled to make submissions in writing, and may appear when the complaint is being determined. The Council may dismiss or allow the appeal or vary the penalty but shall not impose any penalty which the Professorial Board could not have imposed. Every decision of the Professorial Board under regulations 15 and 16 shall be final unless the candidate appeals as provided in this regulation. The decision of the Council on any appeal under this regulation shall be final.

CERTIFICATE OF PROFICIENCY REGULATIONS

1. At any examination for a university degree or diploma any person may, subject to these regulations and to regulation 1 of the Matriculation Regulations, be admitted to examination in any one or more of the subjects prescribed for that degree or diploma and may receive a Certificate of Proficiency in any subject in which he has satisfied the examiners.

2. A candidate for a Certificate of Proficiency shall pay fees, keep terms and give notice of his intention to enter for examination as if he were proceeding to a degree or diploma.

3. The personal course of study of every candidate for a Certificate of Proficiency shall require the approval of the Professorial Board.

4. The Examination Regulations and course regulations shall apply, with the necessary modifications, to any candidate entering for a Certificate of Proficiency.

5. A candidate who has passed in a subject for a Certificate of Proficiency may at a later date have this subject credited towards a degree or diploma provided that the

necessary conditions for the degree or diploma course were fulfilled at the time when the subject was passed for a Certificate of Proficiency.

6. A person who is not entitled under the regulations of the University to enrol for a course or for a unit or subject of a course (whether by reason of not being matriculated or otherwise) or would not be entitled to be credited with a pass in a unit or subject (whether by reason of failure to keep terms or otherwise) may in the absolute discretion of the Professorial Board be permitted to enrol in any unit or subject or to enter for and sit any examination, but no credit towards any university degree or diploma or other qualification shall be awarded to a student permitted to proceed under this regulation.

STUDENTS' ASSOCIATION FEE

1. Every person enrolling at the University as an internal student shall each year on application for enrolment pay the prescribed Students' Association fee, provided that—

- (i) a student enrolling for a single subject the tuition fee for which does not exceed fifteen pounds shall be exempted from payment of the Students' Association fee;
- (ii) if at the time of enrolment application is made to the Vice-Chancellor for exemption on the ground of hardship he may grant total or partial exemption from payment of the Students' Association fee if he is satisfied that payment in full will involve hardship;
- (iii) any person with an academic or professional qualification acquired at a university, who is attending a course of lectures otherwise than for the purpose of preparing or qualifying himself for an academic or professional qualification, shall be exempted from payment of the Students' Association fee.

2. All fees so received by the Registrar shall be paid to the Victoria University of Wellington Students' Association (Incorporated) provided that the Council may direct the Registrar to withhold any sum necessary to pay for damage done in the students' common rooms or cloak rooms.

NOTE: Upon payment of the Students' Association fee a student becomes a member of the Students' Association and is eligible to join any student organisation affiliated to the Association, subject to compliance with the constitution and rules. No refund shall be made on discontinuance of a course after the end of the first term.

(c) Corresponding refunds and exemptions shall be granted in the case of a student who is paying his fees by instalments.

4. Where a candidate has not submitted his thesis by the end of February after the year of entry he shall become liable for a further year's fee.

1. Examination entry fees shall be paid in accordance with the Examination Regulations and the prescribed Table of Fees. Letters and telegrams forwarding fees shall be prepaid and despatched at the risk of the sender.

6. The Joint Committee on honorary degrees shall be appointed by the Council of the University and shall consist of the Vice-Chancellor, four members of Council who are not members of the Professorial Board of the University, and four members of the Professorial Board of the

University appointed on the nomination of the Professorial Board. The appointed members of the Joint Committee shall hold office for such period as the Council may determine, but an appointed member shall cease to hold office on ceasing to be a member of the Council or the Professorial Board, as the case may be. Any casual vacancy shall be filled by appointment of a person having the same qualification as that of the vacating member.

GRADUATION REGULATIONS

1. Any person wishing to have his degree conferred or his diploma presented at the annual general graduation ceremony shall make application to the Registrar not later than the tenth day of April in the year of the ceremony.

AWARDS ON ENTRANCE

ENTRANCE SCHOLARSHIPS

Thirty University Junior Scholarships of an annual value of £110 and forty University National Scholarships of an annual value of £60 are awarded each year on the results of the Entrance Scholarships Examination. These Scholarships are tenable with bursaries awarded by the Education Department. The Regulations governing these Scholarships are published in the University Grants Committee Handbook.

BURSARIES AWARDED BY THE DEPARTMENT OF EDUCATION

NOTE: The following is a summary of the regulations and is meant only for the guidance of students. Those doubtful of their eligibility for a bursary should seek information from the Registrar. Where special rulings are required enquiries should be addressed to the Director of Education, Department of Education, Wellington, C.I.

1. Application for the following bursaries may be made when enrolling at the university.

- (i) FEES BURSARIES providing for payment of full University and tuition fees are available to students who have University Entrance or who, having been granted provisional admission or having a pass in the University Entrance Examination before 1945, have since passed two subjects in any year, or who have been admitted *ad eundem* statum to the University.
- (ii) FEES AND ALLOWANCES BURSARIES are available to students undertaking a full-time course who have Higher School Certificate (provided the applicant has passed or been accredited with the University Entrance Examination in a year prior to that in which he has been granted the Higher School Certificate), or who have passed in three

units in the first year of a Fees or University Entrance Bursary. They provide for payment of full University and tuition fees, and allowances as follows:—

- £40 in first year of bursary
- £60 in second and third years
- £100 in fourth and subsequent years.

A boarding allowance of £80 in each year is available to students required to live away from their home in order to attend University, or in special cases of hardship where the bursar is unable to pursue his studies without the allowance.

- (iii) MASTERS' BURSARIES are available to students who have completed a Bachelor's degree in not more than one year in excess of the minimum period, and who are proceeding in the next year or the following year to a full-time Bachelors with Honours course or Masters' course. They provide for payment of full University and tuition fees, an allowance of £100 per year, and a boarding allowance of £80 per year where applicable.

2. Except with the special permission of the Director of Education, a bursary shall not be awarded to any person who is not a British subject, or who, not being a New Zealand citizen, has come to New Zealand from a country overseas, unless the Director is satisfied that the person is likely to reside permanently in New Zealand.

3. In addition to private awards, University Junior and National Scholarships, Taranaki Scholarships, Ngārimu Scholarships and State Services Commission Study Awards are tenable with the bursaries. In general, bursaries may not be held with other awards from public funds.

4. The periods of tenure of the Fees and Fees and Allowances Bursaries are as follows:—

<i>One Year</i>	<i>Three Years</i>	<i>Four Years</i>	<i>Five Years</i>	<i>Six Years</i>
Dip. Banking (Part II)	B.A. B.Sc.	B.A. (Hons.) B.Sc. (Hons.)	B.Com. (Hons.)	M.B., Ch.B.
Dip.Ed.	B.Agr. Professional Accountancy	B.Com. B.E. Mus.B.	B.Arch. B.D.S. LL.B.	
<i>Two Years</i> B.Ed.	Dip. Land Surveying	B.Pharm. B.Agr.Sc. B.Food Tech.		

Fees and Fees and Allowance Bursaries are available for the combined courses listed below, when those courses are being taken concurrently, and in accordance with the special provisions in course regulations which govern them.

<i>Combined course</i>	<i>Period of tenure</i>
B.A./LL.B.	5 years
B.E./B.Sc.	5 years
B.Sc./B.Pharm.	5 years

Enquiries should be made concerning the tenure of bursaries for other courses.

5. In general, a Fees Bursary and a Fees and Allowances Bursary may be extended up to a maximum of five years of total assistance (or six years for M.B. Ch.B.) to enable a student to study for a second undergraduate course leading to a degree. Except with the approval of the Director of Education in special circumstances, the student must be proceeding with his second course in the year following that in which he completes his first course.

6. The normal tenure of a Masters' Bursary is one year, but this may be extended for a period of up to one further year if the Professorial Board certifies that this is the minimum time for completion of the course.

7. To be eligible for a Fees and Allowances Bursary or a Masters' Bursary, a student must be enrolled for a full-time course. Students wishing to claim these bursaries

should therefore ensure at the beginning of the year that their course can be certified as constituting a 'full-time course'. The Professorial Board has ruled that for the purposes of the University Bursary regulations, a 'full-time' course means:—

Arts, Science and Commerce

3 or more units;

2 units including at least one Stage III;

2 units including at least one Stage II; provided that this is consistent with the particular student completing the course within the normal period of the bursary and that the two units are taken within a programme approved by the Head of the Department of the candidate's major subject;

any subject or combination of subjects which constitutes the final year of the course being completed within the normal term of the bursary.

Law

3 Arts units;

2 Arts units and 2 Law subjects;

1 Arts unit and 3 Law subjects;

5 Law subjects;

4 Law subjects which constitute the final year of a course being completed within the normal term of the bursary by a student who is not in employment; (For this purpose Legal System is regarded as an Arts unit.)

The Dean of the Law Faculty may approve as a full-time course for bursary purposes a course which includes less than the number of units or subjects prescribed above if he considers that such a course is preferable on academic grounds.

Masters and Honours

Such a Master's or Bachelor's with Honours course as the Head of the Department certifies to be a 'full-time course'.

8. Except in special circumstances at the discretion of the Director of Education, holders of Fees and of Fees and Allowances Bursaries are required to pass in at least two units each year in order to retain their bursaries. If the conditions of the bursary are not fulfilled, the bursary is suspended. A pass in two units in the year following suspension of a Fees Bursary is sufficient to have this reinstated. A pass in two units in the year following suspension of a Fees and Allowances Bursary enables the student to have it reinstated as a Fees Bursary. To have it reinstated as a Fees and Allowances Bursary, the student must pass in the year of suspension one unit in addition to the number of units he failed in the previous year.

9. A bursary will be terminated if the holder fails to reinstate his bursary in the year after suspension, or, if the holder has had his bursary reinstated after compulsory suspension and then fails in any year to pass in at least two units in his course.

10. Voluntary suspension of a bursary for a period of up to three years may be allowed by the Registrar where for some adequate reason other than failure, the bursar is unable to continue his course. No application for the suspension of a bursary for a further specified period shall be granted except by the Director of Education, who may grant such an application if he considers the circumstances warrant. All applications for voluntary suspension should be made prior to any period of absence.

11. Fees shall not be paid under a bursary for a greater number of units than that required for the degree, nor shall fees be paid more than once for the same subject at the same stage.

REFUNDS TO SUCCESSFUL STUDENTS PAYING THEIR OWN FEES

The Government has approved a special scheme concluding in 1964 whereby eligible students who are paying

their own tuition and University fees for subjects for any recognised course begun before 1962 will be entitled to a refund of the difference between those fees and the amount they would have been required to pay at the 1961 rates. In 1964 the student must pass at least two units in order to qualify for a refund unless a pass in one unit completes his course.

For a student to be eligible for a refund under this scheme it is necessary:

- (a) That he is pursuing a recognised course which he began before 1962; and
- (b) That he is neither eligible for a bursary nor under the suspension of a bursary; and
- (c) That he is not entitled to receive any other assistance in respect of his tuition and University fees from public funds; and
- (d) That the Professorial Board certifies that his academic progress up to and in the year for which he makes a claim has been satisfactory.

The scheme applies to any course other than a Masters, Honours or Ph.D. course which has been started before 1962. The refund is payable only for units which the student passes in 1964. Students who are in New Zealand as the holders of *Study Permits* issued by the Department of Labour may qualify, provided that they are themselves paying the fees and are not being assisted with their university course by their government or any other agency.

The refund is limited to the number of units remaining in the student's course at the beginning of 1964 for which tuition fees have not previously been paid from public funds. Normally the number of units for which a student can claim a refund is the lesser of:

- (a) the number of units remaining in his course at the beginning of 1964, or

- (b) the difference between the total number of units in his course and the number of units for which his fees have been paid from public funds—usually under a bursary.

When in doubt as to the extent of their entitlement, students should seek further information from the Registrar. Application forms for refunds are available from the Registrar, and should be completed in duplicate and returned to him as soon as possible.

POST-PRIMARY TEACHERS' STUDENTSHIPS

Studentships are available to students wishing to study for degrees in Arts, Science, Home Science, Commerce, Agriculture, Music and for Diplomas in Home Science, Fine Arts and Physical Education.

Successful candidates will be enrolled at the Training College in the University centre where they are studying and will thus be members of the teaching profession from the time they take up the Studentship.

An allowance of £280 per year will be paid during the first two years, and of £390 in the third and fourth years. Tuition fees will be paid and a boarding allowance of £46 will be granted to students who are required to live away from home.

Successful applicants will be required to enter into an agreement and provide a bond accepting the obligations laid down for the Studentships.

Applications will be accepted up to 15 August with the Director, Education Department, Wellington. To facilitate organisation, applicants are asked to forward their applications by 1st August.

SOCIAL SCIENCE BURSARIES

The Director of Education may award in any one year not more than two open bursaries tenable at the School of

Social Science, Victoria University of Wellington. The maximum value of each is £80. In addition a boarding allowance of £80, and tuition fees for the course for the Diploma in Social Science, may be paid. Applicants must satisfy the conditions of entry to the School of Social Science and should not, in general, be younger than 23 years and must produce evidence of suitability for social work and ability to pursue a university course of studies. Preference will be given to candidates nominated by non-state agencies engaged in social work.

Applications on the prescribed form close on 30 November each year with the Director of Education, Department of Education, Wellington, C.1, from whom application forms may be obtained.

ADULT EDUCATION BURSARIES

1. One bursary tenable at Victoria University of Wellington may be offered annually, or more than one if the Council so decides.

2. A bursary shall be awarded only to a student who has attended classes under the Department of Adult Education, who in the opinion of that Department has shown a good record in class work, and who in the opinion of the University Council needs a bursary to enable him to attend university classes.

3. An applicant shall apply to the Registrar before the 1st day of November, and shall state age, occupation, classes attended, records of class work and the course he proposes to follow.

4. The Professorial Board shall make a report to the Council on the merits of the applicants.

5. A bursary shall be tenable for three years, but may on the recommendation of the Professorial Board, be extended for a further period.

6. In each year the course of a bursar shall be approved by the Professorial Board.

7. A bursary shall have an annual value of the fees of the classes in the course approved by the Professorial Board together with the University fee.

8. If in the opinion of the Professorial Board the attendance or work of any bursar is not satisfactory the bursary may be terminated by the University Council forthwith.

WEIR BURSARIES

1. Out of income derived from the Weir bequest the University Council will offer annually not more than nine bursaries, to be known as Weir Bursaries.

2. A Weir Bursary will be for one year only; but holders will be eligible for a further award in a subsequent year.

3. A Weir Bursary will entitle the holder to a place in Weir House during the year for which the bursary is awarded and to a reduction of £30 in the boarding fees payable by the holder in that year, such reduction to be spread, as may be determined by the Registrar, over the weekly payments of boarding fees.

POSTGRADUATE SCHOLARSHIPS

NOTICE TO CANDIDATES

Introduction

Postgraduate Scholarships of the value of £650 a year are awarded by the University Grants Committee on the recommendation of the Scholarships Committee. The awards are made under the Postgraduate Scholarships Regulations 1963 which follow this notice and to which candidates are referred.

This notice is not part of the regulations but is intended to indicate to students in a general way the possibilities which are provided for in the regulations, and also to outline the policy which the University Grants Committee will follow in exercising their discretionary powers.

The scholarships are intended to encourage post-graduate study in the Universities in New Zealand, one objective being to build up strong research schools in New Zealand. The primary aim, therefore, will be to award scholarships for study in New Zealand for the degree of Doctor of Philosophy. However, it is recognised that research facilities in New Zealand in some fields may not be adequate, so regulation 10 makes provision for scholarships to be awarded to New Zealand students to study overseas. The Scholarships Committee will need to be satisfied that it is in the candidate's best interests to study overseas. In coming to a decision it will be advised by the Professorial Board of his University.

Although most awards will be made to New Zealand students, some awards may be made to candidates from overseas Universities to study in New Zealand.

Awards Tenable in New Zealand

An award made to a New Zealand student to study here for a Ph.D. degree will be tenable for two and a half years, and this award will carry a right, on the conditions specified in regulation 4 of the Post-Doctoral Fellowships Regulations 1963, to a Post-Doctoral Fellowship tenable for one year at the rate of £1,000 a year. This will normally be for study overseas, but if a candidate wishes to use his Fellowship for further study in New Zealand this would, in general, be approved. The tenure of two and a half years for a Postgraduate Scholarship will, in most cases, ensure that there will be financial support from the time a scholar commences his course until he is ready to proceed overseas.

A Postgraduate Scholarship awarded to an overseas candidate to study in New Zealand for a Ph.D. degree will be tenable for two years (Reg. 6) and will not carry a right to a Post-Doctoral Fellowship, although in exceptional circumstances a Fellowship may be awarded.

There is provision in regulation 6 for the extension by six months of the tenure of the above Scholarships to enable a candidate to complete his Ph.D. course, but this extension involves the loss of the right to an automatic award of a Post-Doctoral Fellowship. A Fellowship may still be awarded however—the Scholarships Committee will take into consideration the quality of the candidate's work, and the reason the extension was required. An unexpected development in a research project demanding further investigation would be regarded as a valid reason.

Regulation 7 contains provision for a Ph.D. candidate to proceed overseas if his Professorial Board recommends that it is essential to the development of his research project for him to have access to facilities not available here. The candidate would lose his right to the automatic award of a Post-Doctoral Fellowship under regulation 4 of the Post-Doctoral Fellowships Regulations 1963, but he may compete for an award under regulation 5 of those regulations.

Not all scholars need to pursue a course for the Ph.D. degree. Under regulation 7 a programme of research for other purposes may be approved, but in these cases, the tenure of scholarships would, in general, be two years.

Awards Tenable Overseas

The tenure of awards made under regulation 10 to candidates whose best interests require them to study overseas will be governed by the programme approved for the scholar and will range from two to a maximum of three years. If a scholar is unable to complete a degree course within the tenure of his scholarship an extension of tenure may be granted, but no extension may increase the total tenure of any scholarship beyond three years.

Regulation 10 requires a scholar who is studying at a University overseas to take a course of study for a doctoral

degree 'unless the University Grants Committee otherwise determines'. It is intended that this discretionary power be used quite freely. The criterion will largely be the suitability of particular programmes for individual candidates or for candidates from particular faculties. For example, it is well established practice for graduates in law to read for a B.C.L. at Oxford or an LL.B. at Cambridge while Arts graduates frequently read for B.Phil. or B.Litt. at Oxford. Courses of this kind would continue to be approved.

Most awards tenable overseas will be for study at a University but there is provision for study at other approved institutions.

GENERAL PROVISIONS

Positions of emolument

Every scholar must give his full time to his studies and may not hold any position of emolument unless permitted under regulation 11. Under this regulation permission has been given for scholars to undertake paid sessional work at any University up to a maximum of six hours a week.

Co-tenure with other awards

In terms of regulation 12 the permission of the University Grants Committee is required for a scholar to hold any other scholarship, bursary, or award with a Postgraduate Scholarship. The Committee has decided that scholars studying overseas may accept other awards. A decision will be made on the merits of each case as to whether the emolument of the Postgraduate Scholarship will be reduced and, if so, to what extent. All scholars, including those who will be studying in New Zealand, must notify the University Grants Committee of the details (including value) of any other award offered or accepted.

Eligibility

The general rule is that a candidate, to be eligible for a scholarship, must be eligible to register as a candidate for a Ph.D. degree of any New Zealand University not later than the tenth day of December in the year of application. In some cases, final thesis results may not be through by this date and provision has therefore been made in regulation 5 for awards to be made to a candidate who is not eligible by the prescribed date on the condition that the award will lapse if he fails to qualify at the required standard by 1 March of the year following that in which he applies for a scholarship.

Deferment of Application or Scholarship

In some fields—the social sciences and biological sciences are examples—it is common practice for a student to gain practical experience before beginning study for a Ph.D. degree. Regulation 3 (1) provides that a scholarship shall not *normally* be awarded to a person who has been eligible for more than two years. Regulation 8 provides that a scholar shall commence his scholarship in February following the award or as soon as is practicable after that for him to begin his research programme. There are therefore two possibilities open to students who wish to undertake preliminary fieldwork or obtain other practical experience. The Scholarships Committee would prefer a candidate to apply in the year he became eligible and to make subsequent application for deferment of his scholarship. In this way he would be competing for a scholarship with his contemporaries. Alternatively, he may defer making an application for up to two years after obtaining his preliminary qualification. The two-year period specified is intended to apply in most cases but if there are special reasons for delaying an application, the application would be accepted and the reasons for delay considered on their merits.

POSTGRADUATE SCHOLARSHIPS REGULATIONS

1963

Pursuant to section 12 of the Universities Act 1961, the University Grants Committee hereby makes the following regulations:

1. (1) These regulations may be cited as the Postgraduate Scholarships Regulations 1963.

(2) These regulations shall come into force on the first day of August, 1964.

2. In these regulations, unless the context otherwise requires—

‘Professorial Board’ in relation to any University, means the Professorial Board or Senate of that University:

‘Scholarship’ means a Postgraduate Scholarship.

3. (1) For the purpose of encouraging postgraduate study and research, particularly in the Universities in New Zealand, the University Grants Committee shall, pursuant to these regulations, each year award scholarships to be known as Postgraduate Scholarships:

Provided that a scholarship shall not normally be awarded to any person who became eligible to be a candidate therefor more than two years before the tenth day of December in the year of application for that Scholarship.

(2) Every person who is awarded a Postgraduate Scholarship and who pursues under that scholarship a programme of research, being a course for the degree of Doctor of Philosophy of a University in New Zealand, shall subsequently be awarded a Post-Doctoral Fellowship under regulation 4 of the Post-Doctoral Fellowships Regulations 1963 if he is eligible therefor under the provisions of the regulation.

4. The number of Postgraduate Scholarships to be awarded in any year shall be determined by the University Grants Committee.

5. The scholarships shall be open to persons who are, not later than the tenth day of December in the year of application therefor, eligible to register as candidates for the degree of Doctor of Philosophy of any University in New Zealand:

Provided that a scholarship may be awarded to a person who is not eligible to register as a candidate for the said degree by the said tenth day of December, but the award shall lapse if he fails to become eligible to so register by the first day of March in the year following that in which he makes application for a scholarship.

6. Except as provided in regulation 7 and in regulation 10 hereof, every Postgraduate Scholarship shall be tenable at a University in New Zealand and, except as otherwise provided in these regulations, shall be tenable for a period of two and a half years:

Provided that a scholarship awarded to any person who obtained, at a University other than a University in New Zealand, his academic qualification to register as a candidate for the degree of Doctor of Philosophy of a University in New Zealand shall be tenable for a period of two years:

Provided also that, if any scholar who is a candidate for the degree of Doctor of Philosophy of a University in New Zealand is unable to complete his course for that degree by the expiration of the period for which his scholarship is tenable as aforesaid, the University Grants Committee may, if it thinks fit, grant an extension of that period by a further period not exceeding six months:

Provided further that no such extension shall be granted as aforesaid unless the University Grants Committee has received and considered any recommendation that may be made in that behalf by the Professorial Board of the University at which the scholar is enrolled.

7. (1) Except as otherwise provided in these regulations, every scholar shall, during the tenure of his scholarship, be enrolled as a student of a University in New Zealand, and shall pursue in New Zealand a programme of research, being a course for the degree of Doctor of Philosophy:

Provided that the University Grants Committee may, in individual cases, on the recommendation of the Professorial Board of the University at which the scholar is enrolled or proposes to enrol, permit a scholar to pursue in New Zealand a programme of research which is not a course for the degree of Doctor of Philosophy. In any such case, the scholarship shall be tenable for such period as the University Grants Committee shall determine which period may, if the University Grants Committee thinks fit, be less than two and a half years:

Provided also that, on the recommendation of the Professorial Board of the University at which the scholar is enrolled, the University Grants Committee may, subject to the production of a medical certificate of health satisfactory to that Committee, permit a scholar who has completed in New Zealand part of his course for the degree of Doctor of Philosophy to proceed overseas if it is essential to the development of his research project for him to have access to facilities not available in New Zealand. Payment of the scholarship emolument during any period when a scholar is so absent from New Zealand shall be made in such manner as the University Grants Committee may from time to time determine.

(2) Notwithstanding anything to the contrary in these regulations except regulation 13, if any scholar who is a candidate for the degree of Doctor of Philosophy of a University in New Zealand completes his course for that degree before the expiration of the period for which his scholarship is tenable, his scholarship shall not be ter-

minated until the expiration of that period if the following conditions are fulfilled—

(a) The scholar has not been granted an extension of the period of tenure of his scholarship under the second proviso to regulation 6 hereof; and

(b) The scholar undertakes, for the remainder of the period for which his scholarship is tenable, a further programme of research approved by the Professorial Board of the University at which he is enrolled.

8. The tenure of every Postgraduate Scholarship shall commence on a date to be determined in each case by the University Grants Committee, which date shall normally be a date in February next following the notification of the award to the scholar, or as soon as is practicable thereafter for the scholar to commence his programme of research.

9. (1) Except as otherwise provided in these regulations, the scholarship emolument shall be paid to each scholar by monthly instalments in advance at the rate of £650 a year during the tenure of his scholarship.

(2) The first such payment shall be made by the Registrar of the University at which the scholar is enrolled as soon as practicable after that Registrar receives from the Professorial Board of that University a certificate that the scholar has commenced his programme of research.

(3) At the end of each year the said Professorial Board shall, if it is satisfied that the scholar is making satisfactory progress, authorise the said Registrar to continue payments of the scholarship emolument, to which the scholar is entitled in accordance with these regulations, for a further period not exceeding one year.

(4) If at any time a Professorial Board considers that a scholar is not making satisfactory progress it shall forward a report on the work of that scholar to the University

Grants Committee, which report may, if the Professorial Board thinks fit, include a recommendation that the scholarship be suspended or terminated.

10. (1) Notwithstanding anything to the contrary in these regulations, the University Grants Committee may permit a scholar to pursue a programme of research or advanced study at a University or other approved institution not in New Zealand if it is satisfied that it is in that scholar's best interests to do so. In coming to a decision, the University Grants Committee shall take into consideration any recommendation that may be made in that behalf by the Professorial Board of that scholar's University. In any such case the following conditions shall apply:

(a) Every such scholar shall, during the tenure of his scholarship, pursue a programme of research or advanced study approved for the purpose by the University Grants Committee, which programme shall, unless the University Grants Committee otherwise determines, be a course of study for a doctoral degree.

(b) Every scholarship to which this regulation applies shall be tenable for a period of two years unless the University Grants Committee, having regard to the programme of research or advanced study approved for any scholar, determines in respect of that scholar that his scholarship shall be tenable for any other period not exceeding three years:

Provided that, if the University Grants Committee is satisfied that a scholar is unable to complete his course of study for the degree for which he is a candidate by the expiration of the period of tenure of his scholarship, that Committee may, if it thinks fit, grant an extension of that period by a further period to be determined in each case by that Committee; but no such extension shall increase the total period of tenure of any scholarship beyond three years.

(c) The period of tenure of every scholarship to which this regulation applies shall commence on the date on which the scholar enters upon his programme of research or advanced study; and payments of the scholarship emolument shall be made in such manner and on such conditions as shall be determined from time to time by the University Grants Committee.

(d) Every such scholar shall furnish to the University Grants Committee such reports (if any) as that Committee may require.

(e) No such scholar shall proceed overseas until he has presented to the University Grants Committee a medical certificate satisfactory to that Committee.

(2) Subject to the provisions of subclause (1) of this regulation, all the other provisions of these regulations shall also apply, so far as they are applicable, to every scholarship to which this regulation applies and to every scholar who holds any such scholarship.

11. Every scholar shall be required to devote his whole time during the tenure of the scholarship to his programme of research or advanced study, and may not hold a position of emolument except on such terms and conditions as the University Grants Committee may from time to time determine.

12. With the permission of the University Grants Committee, but not otherwise, a Postgraduate Scholarship shall be tenable with any other scholarship, bursary, or award. In granting permission as aforesaid the University Grants Committee may impose such conditions as it thinks fit, whether as to reduction in the emolument of the Postgraduate Scholarship or otherwise.

13. The University Grants Committee may at any time suspend or terminate any scholarship, or require the forfeiture of such proportion of the scholarship emolument as

the said Committee may determine, if it is satisfied that the scholar is not diligently pursuing his programme of research or advanced study or has failed to comply with any of the terms and conditions on which the scholarship was awarded; and a scholarship shall be terminated and no further payments shall be made if a scholar ceases to pursue the aforesaid programme.

14. The University Grants Committee may, if it thinks fit, relax or modify the application of any of these regulations in any special circumstances or in order to avoid hardship to any scholar or candidates for a scholarship.

15. Candidates shall enter for the scholarship on the form provided by the University Grants Committee. Every candidate who is enrolled at a University in New Zealand shall forward his application to reach the Registrar of the University at which he is enrolled not later than the first day of October (or such other date as may be specified by that University) preceding the year in which he proposes to commence his programme of research or advanced study. Every other candidate (including any candidate from any University not in New Zealand) shall forward his application to reach the office of the University Grants Committee not later than the aforesaid first day of October.

16. The following statutes of the University of New Zealand are hereby revoked:—

POST-DOCTORAL FELLOWSHIPS

NOTICE TO CANDIDATES

Introduction

Post-Doctoral Fellowships of the value of £1,000 a year are awarded by the University Grants Committee under the Post-Doctoral Fellowships Regulations 1963 which follow this notice and to which candidates are referred.

This notice is not part of the regulations but is intended to give a brief outline of some aspects of the Fellowships scheme, particularly, but not exclusively, of those aspects which are not immediately obvious on reading the regulations.

Some Fellowships will be tenable for one year. Most of these will be Fellowships awarded as of right to certain candidates who have held Postgraduate Scholarships and these will be awarded from time to time throughout the year as candidates become eligible for them. Other Fellowships will be tenable for two years. These will be competitive awards made in December each year by the University Grants Committee on the recommendation of

the Scholarships Committee. In certain circumstances some of the competitive awards will have a tenure of one year.

One-year Fellowships under regulation 4

Every New Zealand student who is awarded a Postgraduate Scholarship and who studies under that scholarship in New Zealand for the degree of Doctor of Philosophy has a right to be awarded a Post-Doctoral Fellowship, tenable for one year, normally overseas, if the following conditions are fulfilled:

- (a) he has held his scholarship for not more than two and a half years; and
- (b) he has been recommended by his examiners for the award of the Ph.D. degree not more than three and a half years from the commencement of his scholarship; and
- (c) he has not proceeded overseas for study under the terms of his scholarship.

In certain circumstances, however, a Fellowship may be awarded under regulation 4 to students who have held Postgraduate Scholarships for more than two and a half years. The reason the scholarship tenure was extended will be taken into consideration as will the quality of the candidate's work. An unexpected development of a research project requiring further investigation is regarded as a valid reason for relaxing condition (a) above.

Applications for Fellowships under regulation 4 should be made immediately a candidate has been notified that his examiners recommend him for the award of the Ph.D. degree. (Reg. 14 (1).)

The fact that a student is entitled to be or has been awarded a one-year Fellowship under regulation 4 does not debar him from applying for a two-year Fellowship under regulation 5. Such an award would not be made, however, except to an outstanding student. A student who

wishes to be considered for a two-year Fellowship may lodge an application under regulation 5 at the same time as he applies for a Fellowship under regulation 4, or he may apply at a later date, even during the tenure of his one-year Fellowship. In this last case, however, the length of time he has held his existing Fellowship will be set off against the term of the two-year Fellowship and would not operate to extend any Fellowship beyond two years.

Fellowships under regulation 5

These, as mentioned, are competitive awards which will be made to candidates who may or may not have held Postgraduate Scholarships, who are not more than thirty-five years of age and who have qualified for a Ph.D. degree of a New Zealand University, or a Ph.D. degree (or its equivalent) of any other University.

Most Fellowships awarded under regulation 5 will be tenable for two years, but there is provision for some to be awarded with a tenure of one year.

Fellowships awarded to candidates who obtained their Ph.D. degrees in New Zealand are tenable overseas unless a candidate wishes to hold his Fellowship in New Zealand.

Fellowships awarded to candidates who obtained their Ph.D. degrees overseas—and this would include students who held a New Zealand Postgraduate Scholarship overseas—are tenable only in New Zealand (Regulation 6). Except in the case of an outstanding student, an award made under regulation 5 to a candidate who has held a Postgraduate Scholarship overseas for all or part of its term will be tenable for one year only.

Study Programmes

In his application, a candidate for a Fellowship must give details of his proposed programme of advanced study or research and state the institution or institutions at

which he proposes to carry out that programme. There is provision for institutions other than universities to be approved (Regulation 6 (1)).

Co-tenure with other awards

Fellowships are not co-tenable with other awards without express permission. (Regulation 9.) Individual application must be made giving full details of other awards offered. A decision will be made on the merits of each case as to whether permission will be given to hold another award with the Post-Doctoral Fellowship and, if so, to what extent (if any) the emolument of the Fellowship will be reduced.

Commencement of Fellowships

Fellowships must be taken up within one year of the date of award. (Regulation 6 (3).) This will be interpreted reasonably. Cases may occur when an award is made too late for a candidate to arrange his passage overseas in time to commence his course in a particular academic year. A forced postponement of this kind would not lead to forfeiture of the Fellowship. University employment or the preparation for publication of the results of research done is also acceptable as a valid reason for postponement of taking up a Fellowship.

POST-DOCTORAL FELLOWSHIPS REGULATIONS

1963

Pursuant to section 12 of the Universities Act 1961 the University Grants Committee hereby makes the following regulations:

1. (1) These regulations may be cited as the Post-Doctoral Fellowship Regulations 1963.

(2) These regulations shall come into force on the first day of August, 1964.

2. In these regulations, unless the context otherwise requires—

'Postgraduate Scholarship' means a Postgraduate Scholarship under the Postgraduate Scholarships Regulations 1963:

'Professorial Board', in relation to any University, means the Professorial Board or Senate of that University:

'Fellowship' means a Post-Doctoral Fellowship.

3. The University Grants Committee shall, pursuant to these regulations, from time to time award Fellowships to be known as Post-Doctoral Fellowships.

4. Subject to the provisions of regulation 5 hereof, a Fellowship, which shall be tenable for a period of one year, shall be awarded to every person who has held a Postgraduate Scholarship under the Postgraduate Scholarships Regulations 1963 for a period of not more than two and a half years, and who, during that period or within one year after the expiration of that period, has been recommended by his examiners for the award of the degree of Doctor of Philosophy of a University in New Zealand:

Provided that the University Grants Committee may, if it thinks fit, award a Fellowship under this regulation to any person who has held a Postgraduate Scholarship for a period in excess of two and a half years if that person has otherwise complied with the provisions of this regulation:

Provided also that a Fellowship shall not be awarded under this regulation to any person who has held a Postgraduate Scholarship if that person proceeded overseas during the tenure of his Postgraduate Scholarship under the provisions of the second proviso to subclause (1) of regulation 7 of the Postgraduate Scholarships Regulations 1963, or if that person obtained his academic qualification to register as a candidate for the degree of Doctor of

Philosophy of a University in New Zealand at a University other than a University in New Zealand.

5. (1) Fellowships may also be awarded in accordance with this regulation.

(2) A Fellowship, which shall, subject as hereinafter provided, be tenable for a period of two years, may be awarded if the University Grants Committee thinks fit to any person (whether that person has held a Postgraduate Scholarship or otherwise) who is not more than thirty-five years of age and who—

(a) Has been awarded, or has qualified for the award of, the degree of Doctor of Philosophy of a University in New Zealand; or

(b) Has been awarded, or has qualified for the award of, the degree of Doctor of Philosophy, or a degree reasonably equivalent thereto, of any other University:

Provided that, if any person awarded a Fellowship under this regulation has been awarded a Fellowship under regulation 4 hereof, the University Grants Committee may, if it thinks fit, cancel the award of that Fellowship, and, having regard to any period during which that person has held that Fellowship, reduce the period of tenure of the Fellowship awarded under this regulation by such period (if any) as that Committee thinks fit.

(3) A Fellowship awarded under subclause (2) of this regulation to any person who is eligible to be, but has not been, awarded a Fellowship under regulation 4 hereof shall be in substitution for the Fellowship which would otherwise have been awarded to that person under the said regulation 4.

(4) In individual cases, the University Grants Committee may, if it thinks fit, award under this regulation a Fellowship which shall be tenable for one year.

6. (1) Every Fellow shall, during the tenure of his Fellowship, pursue a programme of advanced study or research, approved for the purpose by the University Grants Committee, at a University or other institution approved for the purpose by that Committee, which University or other institution shall, unless that Committee otherwise determines in any case, be a University or other institution not in New Zealand:

Provided that a Fellowship awarded to any person to whom paragraph (b) of subclause (2) of regulation 5 applies shall be tenable at a University in New Zealand and shall not be tenable at any other University.

(2) Except with the approval of the University Grants Committee in special circumstances to be determined by that Committee, every Fellow shall enter upon his programme of advanced study or research not later than one year after the date of the award of his Fellowship. If he fails to do so, his Fellowship shall lapse.

(3) The tenure of every Fellowship awarded under these regulations shall commence on the date on which the Fellow enters upon his programme of advanced study or research:

Provided that, if a Fellowship is awarded under regulation 5 hereof to any person who is holding or has held a Fellowship under regulation 4 hereof, the tenure of the Fellowship awarded under the said regulation 5 shall commence on a date to be determined by the University Grants Committee.

7. No Fellow shall proceed overseas until he has presented to the University Grants Committee a medical certificate satisfactory to that Committee.

8. Every Fellow shall be required to devote his whole time during the tenure of his Fellowship to his programme of advanced study or research, and may not hold a position of emolument otherwise than in respect of a

period of teaching at a University, except on such terms and conditions as the University Grants Committee may from time to time determine.

9. A Post-Doctoral Fellowship shall not be tenable with any other Fellowship, scholarship, or award except with the permission of the University Grants Committee. In granting permission as aforesaid the University Grants Committee may impose such conditions as it thinks fit, whether as to reduction in the emolument of the Post-Doctoral Fellowship or otherwise.

10. Every Fellow shall furnish to the University Grants Committee such reports (if any) as that Committee may require.

11. Payments of the Fellowship emolument shall be made to each Fellow, in such manner and on such conditions as the University Grants Committee may from time to time determine, at the rate of £1,000 a year during the tenure of his Fellowship.

12. The University Grants Committee may at any time suspend or terminate any Fellowship or require the forfeiture of such proportion of the Fellowship emolument as the said Committee may determine, if it is satisfied that the Fellow is not diligently pursuing his programme of advanced study or research or has failed to comply with any of the terms and conditions on which the Fellowship was awarded; and a Fellowship shall be terminated and no further payments shall be made if a Fellow ceases to pursue the aforesaid programme.

13. The University Grants Committee may, if it thinks fit, relax or modify the application of any of these regulations in any special circumstances or in order to avoid hardship to any Fellow or candidate for a Fellowship.

14. (1) Every candidate for a Fellowship under regulation 4 of these regulations shall make application therefor

on the form provided by the University Grants Committee, and shall attach to that form evidence of his eligibility to be awarded the degree of Doctor of Philosophy. Every such candidate shall forward his application to the University Grants Committee as soon as practicable after he has been notified that he is eligible to be awarded that degree; and every such application shall be forwarded through the Registrar of the University at which he is enrolled.

(2) Every candidate for a Fellowship under regulation 5 of these regulations shall make application therefor on the form provided by the University Grants Committee, and shall attach to that form evidence of his academic standing. Every such candidate who is enrolled at, or is a member of the staff of, a University in New Zealand shall forward his application to reach the Registrar of that University not later than the first day of October (or such other date as may be specified by that University) in the year of application. Every other candidate (including any candidate from any University or other institution not in New Zealand) shall forward his application to reach the office of the University Grants Committee not later than the aforesaid first day of October.

 - (iii) a Bachelor's degree with Honours, followed by a Master's degree in the same subject, or
 - (iv) a degree or other university qualification other than a Master's degree or Bachelor's degree with Honours, as may be approved by the Professorial Board.
4. During the tenure of the Senior Scholarship, the holder shall devote himself entirely to the prosecution of his studies, and shall be precluded a position of emolument except by permission of the Professorial Board. Up to six hours teaching per week in the University is permitted.
5. (i) Subject to sub-clause (ii) hereof, a Senior Scholarship shall be tenable for the period of full-time study required for the scholar's proposed course, with a maximum of two years. The Head of the scholar's Department shall certify to the time required. The Scholarship

shall be taken up in the first academic session after the award unless the Professorial Board approves a deferment.

(ii) In the case of a course approved under regulation 3 (iv), the Senior Scholarship shall be tenable for one year.

(iii) A Senior Scholarship shall be tenable at any university institution in New Zealand.

6. The award of a Senior Scholarship shall become void unless the scholar within four weeks of his receipt of the official advice of his award completes and returns to the Registrar a certificate setting out: (a) his acceptance of the scholarship; (b) his intention of fulfilling the conditions attached to the holding of the scholarship; (c) the period for which tenure is sought; and (d) the date on which he will take up his scholarship.

7. The value of each Senior Scholarship shall be £150 per annum, reducible £1 for £1 to the extent that any other scholarship, bursary or similar awards (exclusive of fees and boarding allowance), from public or private funds, are concurrently held in excess of £200. In no case, however, shall the value of the Senior Scholarship be less than £50 per annum. The Professorial Board may modify the £1 for £1 reduction in cases where it considers this would cause undue hardship.

8. A boarding allowance of £80 shall be paid to any scholar who is not in receipt of a boarding allowance under any other award, and who is obliged to live away from home in order to study at the university institution he judges to be most suitable, provided that the scholar's total emolument, including boarding allowance, shall not exceed £430. Where a scholar is in receipt of a boarding allowance of less than £80 under another award this may be supplemented to provide a total boarding allowance of £80, or total emoluments of £430, whichever involves the smaller amount in supplementation.

9. Scholarship payments shall be made in equal instalments, one in each university term.

10. The Council may withhold or discontinue payments to a scholar, on the recommendation of the Professorial Board, if a scholar's progress is unsatisfactory or if he is not complying with the terms and conditions under which the scholarship is held.

11. A scholar may be granted such reasonable field expenses as the Scholarships Committee of the Professorial Board may approve on the recommendation of the Head of Department. Applications for such a grant shall be made to the Registrar by 30 April.

12. A Senior Scholarship may not be held with the Sir George Grey Scholarship or the Jacob Joseph Scholarship.

If the candidate is not eligible under regulation 1 (a), (b) or (c) his application shall also be accompanied by the evidence required under regulation 1 (d).

3. The Professorial Board shall determine whether the application for registration and the proposed course shall be approved, and if so, shall determine the date of registration (which shall not be earlier than the commencement of the course by the candidate) and shall appoint a supervisor or supervisors, who shall be University teachers, one at least being a full-time university teacher.

4. A candidate shall pursue a course of full-time advanced study and research at the University, for a period of at least two years from the date of his registration, under the immediate supervision of the supervisor or supervisors.

Notwithstanding regulation 4, a full-time member of the academic staff of the University (not being the Head of a Department) may be registered as a candidate for the degree and shall pursue a course of advanced study and research at the University, for a period which shall, except in special circumstances to be determined by the Professorial Board, be of at least four years from the date of his registration, under the immediate supervision of the supervisor or supervisors.

14. In the case of a candidate who holds a Bachelor's degree and not a Master's Degree, the Professorial Board may, at any time before submission of the thesis, approve an application by the candidate or by his supervisor that the candidate be registered for a Master's Degree instead of the Degree of Doctor of Philosophy (provided that this shall not apply in a subject where there is no provision for a thesis in the course of study for a Master's Degree). A candidate presenting Mathematics shall have passed in both Pure Mathematics III and Applied Mathematics III. A candidate presenting Physics shall have passed in Physics III but need not have passed in Electronic and Radio Physics III.

2. (a) Notwithstanding the requirement contained in regulation 1 (a) that the candidate must have been admitted to the degree of Bachelor of Science, a candidate who has been credited with a pass in Stage III of any subject without having passed in Stage I of that subject may with the permission of the Professorial Board present himself for examination in that subject for the degree of Bachelor of Science with Honours. (ii) A candidate from Africa, Asia, or the Pacific, whose language in the home is not English may be exempted by the Professorial Board from the requirements of this regulation. Every application for exemption shall be made in writing to the Registrar. This subclause of this regulation shall be effective from 1 January 1964.

Furthermore, if the thesis is not submitted by the end of February of the following year a candidate shall become liable for a further year's fee. See also Post-graduate Scholarships Regulations 1963, regulation 5.

- (d) When the thesis is forwarded to an assessor the Head of the Department shall supply a certificate from the supervising teacher stating that the thesis describes work carried out by the candidate himself under the direct supervision of the teacher, and, in the case of laboratory work, within a University institution; and stating also what part the teacher played in the preparation of the thesis. In special cases, with the permission of the Professorial Board, part of the work may be carried out in a University institution overseas.

- (e) If the examiner with the concurrence of the assessor so recommends, a thesis which is not considered satisfactory shall be returned to the candidate, who may be permitted to revise it and to re-submit it at a later date.
- (f) A candidate in Geology shall hand in with the thesis a representative collection of any specimens illustrating his thesis. The specimens will be lodged in the Geology Department. The collection must include all palaeontological type specimens and analysed rocks and minerals collected by the candidate. Cataloguing and labelling must comply with Departmental procedure.

Mr Keating	Miss Cameron	Mr Douglas
	Miss Atkinson	

The Department of Adult Education of the University issues separate brochures which give details of different courses organised not only in Wellington but in other parts of the university district which covers the southern half of the North Island and Nelson and Marlborough. The extension programme for the Wellington metropolitan area is described in a comprehensive booklet issued each year about the beginning of February. Information and brochures can be obtained from the Director of Adult Education, P.O. Box 2945, Wellington, or from the Department's offices at 192 Tinakori Road and 248 Lambton Quay (Telephone 44-557), as well as at Palmerston North (Caccia Birch House, Te Awe Awe Street or P.O. Box 644) (Telephone 78-786) and from resident lecturers at Hastings (Telephone 78-161) and New Plymouth (Telephone 88-739).

The courses offered do not involve examination of students and range from introductory courses for the layman to refresher courses for graduates.

Extension courses are held not only at the University itself but also in the Hutt Valley and West Coast suburbs and at Palmerston North. Most of these courses involve students in a total of twenty-four meetings spread over three terms. Typical subject areas include foreign languages, literature, botany, anthropology, child development, psychology, astronomy.

Refresher courses for graduates, professional and business men have included courses for bank officers, lawyers, architects, history teachers, industrial chemists, physics teachers, insurance executives. Weekend, summer and winter schools

and seminars, some of them residential, have been organised for the study of subjects as varied as geology, ecology, poetry, painting, regional planning.

The Department also offers a programme of study-discussion courses that are available to groups which can arrange their own meeting places in any convenient place within the university district and which maintain contact with the Department by correspondence or through tutorial visits.

Other Appointments pending

The Department of Asian Studies has been re-organised and the matters now covered by the existing degree courses in Asian Studies will in future be dealt with by incorporating appropriate courses into the teaching programmes of the social science Departments. To ensure that students now enrolled in Asian Studies do not suffer hardship by reason of the change, the re-organisation will be carried out by offering degree courses in Asian Studies as follows:

1965: Stages I, II, III (staff permitting)

1966: Stage I to be offered only if a general introductory course is not available.

Stage II to be available only to candidates who failed Stage II in a previous year.

Stage III.

1967: Stages I and II not available.

Stage III to be available only to candidates who failed Stage III in a previous year.

Students who commence the course in 1964 or thereafter will be able to take Asian Studies I only as the equivalent of a proposed introductory course and not as the first stage of a subject to be taken to Stage II or III. DEPARTMENT OF HISTORY

Professor Wood (Head of Department)

Professor J. C. Beaglehole

Associate-Professor Munz

Dr T. H. Beaglehole

Mrs Boyd Miss Avery Miss Halberstam Dr Salmond

Mrs Hughes Miss Crozier Miss Ross

Courses at all stages are planned on the assumption that a reasonable standard of preliminary reading has been reached. Students are expected to collect reading lists for succeeding sessions, with advice for reading during the long vacation, from members of staff as soon as final examinations for the year are over.

HISTORY IA: 103/1, 103/2

HISTORY IB: 104/1, 104/2

PRESCRIPTIONS:

OPTION A: 103/1, 103/2: Outline of the history of European civilisation.

OPTION B: 104/1, 104/2: Aspects of Modern History since 1815.

The work of these classes comprises:

(1) *Option A*: a general course of lectures mainly on mediaeval Europe, including England.

Option B: a general course of lectures covering some of the main trends and problems in modern history, with special attention to Europe, Asia and North America; and

(2) essay and seminar work, which are an essential part of both courses. Topics for special study will be announced from time to time.

Both courses are planned on the assumption that students have a reasonable background of knowledge before the session begins. Vacation reading of a character preparatory to University work is therefore strongly recommended.

Students are advised to procure some good general survey for the first part of the course. For Option A, Davis, *History of Medieval Europe*, and Sayles, *Medieval Foundations of England*, are especially recommended; and for Option B, Thomson, *Europe since Napoleon*. It is extremely important, however, that such books should be supplemented by wider reading. Students and prospective students are urged to communicate with the Department for further particulars and for reading lists.

Students are strongly recommended to take Option A before studying History II; either Option will, however, be accepted as qualifying for entry to History II.

Options A and B may both be counted as units towards a B.A. degree, subject to the approval of individual courses in all cases.

HISTORY II: 105/1, 105/2, 105/3

PRESCRIPTION:

105/1, 105/2 Early Modern European History from the Renaissance to about 1789.

ENGLISH LANGUAGE INSTITUTE

Mr George

Professor I. A. Gordon

Mr Smith

Mrs Woolston

Mr Kennedy

Mr Cooke

The Institute offers two courses, mainly for Colombo Plan Scholarship holders. Before enrolment, overseas students need to have studied English for at least ten years in primary and secondary institutions, or six years in secondary institutions.

PROFICIENCY COURSE

This intensive 12-week course is offered to students who intend following courses at New Zealand Universities or other educational institutions. It usually runs from November to February.

Daily tutorials and Language Laboratory sessions support lectures and lessons, and regular written work is required. In the later weeks of the course, attention is given to a general abstract vocabulary applicable in all fields of university study.

Students who achieve a satisfactory standard of comprehension and production of spoken and written English are awarded the Certificate of Proficiency in English.

DIPLOMA COURSE

The diploma course usually runs from April to December, its duration being thus equivalent to one academic session, and it is intended mainly for teachers from South-East Asia and the Pacific Islands, who have had at least two years' experience in teaching English, and expect to teach English on their return to their home country.

For the award of the Diploma, a good professional standard of comprehension and production of spoken and written English is the first requirement, and daily practice sessions in the Language Laboratory and classes constitute a fundamental and for many students a major part of the course.

The second requirement is a straight-forward, adequate knowledge of the main theoretical aspects of language study, an understanding of their relevance to the study of English, and an understanding of their application to the teaching of English. Lectures, tutorial classes and reading assignments in this study constitute the second part of the course.

A good professional standard of teaching is required. Lectures on Teaching Methods, and associated observation and practice of teaching skills constitute the third part of the course. It is followed by attendance at courses in New Zealand Teachers' Colleges, and observation and practice in New Zealand Schools.

There is opportunity for optional individual or group work, in the study of literary texts or in language study, for students who are capable of undertaking it, and additional short courses may be available.

Successful students are awarded the Diploma in the Teaching of English as a Second Language.

In 1964 the rates were as follows: £55 for the first term, £66 for the second term, and £56 for the third term, subject to a rebate of £2 if paid within four weeks of the commencement of each term.

In 1964 students in residence prior to 1st March and after the 14th November, and during the two term vacations, paid board at the rate of £5 7s. 6d. per week.

There will be no reduction in board for law students who take their vacation at Easter, or for part-time students who take their annual leave during term time.

Residents, including "Freshers", not taking up residence on or before 7th February each year, are required to pay an entrance fee of £7 10s. 0d.

Each resident on entering the House must pay a deposit of £10. This deposit is refundable at the end of the year, less any charge for damage or deficiency for which the resident is responsible.

Students wishing to apply for residence in 1966 should do so to the Registrar, Victoria University of Wellington, on the proper form not later than 31st October, 1965. Forms may be obtained on application to the Registrar.

REGULATIONS FOR SELECTION OF STUDENT
RESIDENTS TO WEIR HOUSE

1. SELECTION: Selection shall be primarily determined by general ability and character, so that the House may be used to the best advantage of the Victoria University of Wellington and the community.

2. RESIDENCE FOR 2ND AND LATER YEARS: At the end of any year, the record of those in the House who wish to remain in residence the following year shall be closely scrutinised.

3. APPLICATIONS: All applications, whether from students already in the House or from those seeking entry to the House, shall be made annually by the 31st day of October.

For the regulations governing the award of Weir Bursaries and Fellowships see p. 123 and p. 223.

4. SPECIAL CONSIDERATION: Special consideration shall be given to any student who, suffering serious handicap through physical disability, cannot find suitable private accommodation.

5. SELECTION COMMITTEE: The selection committee shall be the Warden, Professorial Board representative on the Weir House Council, and the Registrar.

ACCOMMODATION SERVICE

The University runs an Accommodation Service for students. Lists of available accommodation are issued before the beginning of the academic year. To obtain a copy of these lists apply to the Accommodation Officer, Student Union, Victoria University of Wellington, P.O. Box 196, Wellington. The lists are available during the first three weeks of February.

STUDENT HEALTH SERVICE

In 1964 a Student Health Service was established at the University. Attendance at the Health Service by students is voluntary and free.

The objectives are to provide, firstly, a programme of health education and preventive medicine by means of a 'medical interview' which is an annual examination; and

secondly, a general medical service which will be readily available to students in times of illness. The general medical service is restricted to those students whose homes are outside Wellington and who have no contact with a local medical practitioner.

The annual medical interview is available to all students. Should the interview reveal any condition requiring treatment, arrangements will be made for immediate correction. Chest X-rays and routine inoculations are also arranged during the medical interview.

This service works in close co-operation with other welfare services provided by the University.

There are four doctors in attendance: Dr I. C. Fleming, Dr Diana Mason and Dr J. M. Watt are responsible for giving annual medical interviews; Dr H. H. Gray provides the general medical service.

Application forms will be available at the Students' Association office and at the Health Service. Students already interviewed in 1964 use the same application form as those applying for an initial examination.

COUNSELLING SERVICE

The Counselling Service was established in 1964 as part of the expanding student welfare services.

Many students were found to have been suffering from a variety of personal problems and difficulties that required more attention than staff members could give on a voluntary basis. Many capable students were unable to work to capacity because of certain problems and difficulties they had that were quite unconnected with university life.

The function of the Student Counsellor is to help such students cope with their problems and difficulties

and to come to terms with themselves. Students are encouraged to make appointments with the Student Counsellor when they feel it necessary to do so.

APPOINTMENTS BOARD

The Appointments Board provides advice and information on careers. The services of the Board are available to all students and graduates irrespective of the level at which they are studying. The main services of interest to individual students are:

1. Providing general advice and information on careers and discussing suitable courses for particular careers.
2. Maintaining a careers information library for general use.
3. Helping students to obtain vacation jobs especially those which will provide useful experience.
4. Arranging for interviews with employers, and supplying students with background information on the organisation concerned.

The Secretary of the Board is Mr A. T. Mitchell, and students wishing to use the services available are invited to register with him. Alternatively registration forms can be obtained from the Students' Association office. Students are strongly advised to register early in their final year.

Further information on the Board's activities and material relating to careers and vacation jobs is displayed on the notice board on the first floor in the Students' Union and on notice boards in other University buildings.

HISTORICAL NOTE

VICTORIA UNIVERSITY OF WELLINGTON was established as an autonomous university in 1961 by the Victoria University of Wellington Act 1961. In 1957 by an amending Act Victoria University College, as it was formerly known, was reconstituted Victoria University of Wellington but the University continued to be a constituent institution of the University of New Zealand. Victoria University College, founded in 1897, was the last of the four constituent colleges of the University of New Zealand to be established. It thus completed, apart from special provision for agricultural teaching, and within thirty years of the foundation of the first college, the general structure of the country's institutions for university work. Otago University was founded by a provincial ordinance of 1869, and was followed by the University of New Zealand set up by the general Legislature under the New Zealand University Act of 1870. The intention of the Legislature was that the two universities should coalesce, but this proved impracticable, and it was not till after many negotiations that Otago University agreed to abandon its independent status and affiliate to a purely examining university. This University, planned on the model of the University of London, was provided for by a second act, the New Zealand University Act of 1874. To it were affiliated not only the University of Otago and Canterbury College (also founded and endowed by a provincial ordinance, in 1873) but a large number of secondary schools all over the Colony which were prepared to give instruction of university standard, undergo inspection by the University, and present candidates for its examinations. But all safeguards, such as inspection, broke down, and within a few years grave abuse of the system existed. Despite this situation, however, the University Senate thought both to maintain the standard of its degrees, and to secure universal respect

for them, by excluding university teachers from examining, except for University entrance, and before the end of the first decade had arranged for all other examinations to be carried on from Great Britain.

Discontent, however, was widespread over the Colony, not least among the professors of the two institutions of university rank. Driven by this discontent the Government, at the end of 1878, set up a Royal Commission to report upon the operations of the University and its relations with the secondary schools, 'and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes.' The Commission made its main report regarding the University in July 1879, supplying a draft Bill which incorporated its recommendations in the following year. It recommended that the system of affiliation as it then existed should be abolished, and that two further university colleges should be immediately set up, at Auckland and Wellington, with sites and buildings provided by the Government and endowment in land or money of £4,000 each per annum. It also recommended that the four resulting colleges should not be affiliated, but should form a federal University, the examinations of which should be conducted in the Colony, and ordinarily by the teachers of the University. 'Our desire is,' added the Commissioners, 'that each college may acquire a marked individuality, such as to demand recognition in the form of the examinations, and to secure for it a special reputation, which may at some future day be the foundation of its success as a separate and independent University.'

Unfortunately this report was made just at the outset of the great depression of the eighties, so that there were added to natural inertia what seemed to be sound economic reasons for doing nothing. Nevertheless a college was established in a small way at Auckland by the Auck-

land University College Act, 1882, and by 1887 the old system of affiliation of secondary schools had disappeared. It was made clear that only university colleges could henceforth be affiliated. But nothing was done for Wellington—though the need there was demonstrably as great as that in any other part of the colony—until in 1887 Sir Robert Stout, then Premier, introduced his ‘Wellington University College Bill,’ to found a college serving the Wellington, Hawke’s Bay and Taranaki districts. This Bill handed over the Government departments of science and the Colonial Museum and their staffs to the new college, and made Sir James Hector, the Director of the Geological Survey, who was already Chancellor of the University, its Warden; £1,500 extra per annum was to be granted. It was Stout’s hope that the Wellington college, being at the seat of government and of the Court of Appeal, might specialise in the teaching of law, political science, and history, as well as in some departments of science. The Bill passed the House of Representatives, but was shelved by the Legislative Council. A new ministry coming into office in 1888, the matter lapsed for seven more years, in spite of the constant urgings of the University Senate and Court of Convocation. In 1894 Stout again came forward with a ‘Middle District of New Zealand University College Bill’—the Middle District now comprising not merely Wellington, Hawke’s Bay and Taranaki, but Nelson, Marlborough and Westland as well. No provision could be made in a private member’s bill for the expenditure of money, and though the Bill was finally passed and the Government even appointed certain members of a college council, no further step was taken. The only reserves ever set apart in the Middle District for the endowment of university education were in Taranaki.

The final step was taken by Mr Seddon, the Premier, on his return from the Diamond Jubilee celebrations. His

Victoria College Act, passed on 22 December 1897, founded the College 'in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria.' It was to be a liberal foundation, bringing university education within the reach of the working classes through direct contact with the primary schools; to ensure ultimate government control any land granted to the College was to remain vested in the Crown, and the table of College fees was subject to Crown approval. The relation of the College to the schools was fixed by the establishment of a system of 'Queen's Scholarships.' These scholarships were to be six in number, to be awarded to children of either sex under the age of 14 years on the results of an examination conducted by the College Council, which children were then to receive two years of secondary and three years of university instruction. The scholarships were payable out of the annual government grant to the College of £4,000; this grant, apart from the prospective income from a parcel of land of 4,000 acres reserved by the Act in the Nukumarū Survey District, and from fees—which were made exceptionally low—was the College's sole income. To add democratic to government control, the governing body of the College, the Council, was to consist of three members appointed by the Governor-in-Council, three elected by the members of the General Assembly resident in the University District, three elected by graduates of the College, either by examination or *ad eundem*, when their number reached thirty (until then by all graduates in the district with a British University degree), three by certificated school-teachers, three by Education Boards, and one by the Professorial Board of the College (no professor or lecturer being eligible for election). The first Chairman of the Council was Mr J. R. Blair (1898-9); he was followed by Sir Robert Stout (1900-01).

As an initial step, the Council decided to found four chairs, and the following professors were appointed: *Classics*, John Rankine Brown¹; *English Language and Literature*, Hugh Mackenzie²; *Chemistry and Physics*, Thomas Hill Easterfield³; and *Mathematics and Mathematical Physics*, Richard Cockburn Maclaurin⁴. The College was affiliated to the University in February 1899; early in that year the four professors arrived, and as soon as possible classes were organised and lectures begun. In the absence of a proper building the Council was offered by the Government the Premier's residence in Tinakori Road, then vacant; but this being thought unsuitable, arts classes were held in the Girls' High School, Pipitea Street, after school hours, and science classes in the Technical School in Victoria Street. The number of students in 1899 was 115, plus 9 exempted students.

On the basis thus laid the College as it exists at present was fairly steadily built up, though not without controversies and certain unhappy experiences. Additional chairs were founded from time to time, as follows: Modern Languages 1902, Biology 1903, Law (two chairs) 1906, Mental and Moral Philosophy 1907, Physics (separated from Chemistry) 1909, Economics (T. G. Macarthy Chair) 1920, Education 1920, History 1921, Geology 1921, Agriculture 1925-27, Political Science 1938; Social Science 1948. In 1945 Botany was separated from the Depart-

ment of Biology and in 1947 a Chair of Botany was established. In 1946 a Department of Music, in charge of a Senior Lecturer, was set up; and in the same year further provision was made within the Department of Geology for the teaching of Geography. In 1948 the Chair of Mental and Moral Philosophy was replaced by a Chair of Psychology, the Professor's departmental responsibility extending to Philosophy; and in 1950 the separation of Psychology and Philosophy was completed by the creation of a Chair of Philosophy. In 1951 a Department of Accountancy, headed by a Senior Lecturer, was created. Chiefly in the 1920's and later the separate departments were strengthened by the appointment of full-time, and in certain cases part-time, lecturers. In 1953 Geography was separated from Geology and a Chair of Geography was established. In 1957 a Chair of Music was established and Mr F. J. Page, Mus.B., until then Senior Lecturer in charge of the Department, was appointed to the Chair. In the same year a Department of Asian Studies was set up.

In 1961 six new Chairs were established. They were a Chair of Accountancy, a Chair of Business Administration, a Chair of Nuclear Physics, a Chair of English Language, a Chair of Theoretical Chemistry and a Chair of Applied Mathematics. In 1962 a second Chair in the Department of English and New Zealand Law was established. In 1963 the Departments of Accountancy, Economics and Psychology were strengthened by the provision of further Chairs, and new Chairs were established in Anthropology, Biochemistry, and German. A Chair of Theoretical Physics was established in 1964.

The constitution of the governing body of the College was amended in 1914, and again in 1933, when it was provided that one of the representatives of the Professorial Board was to be the first Principal, whenever appointed.

Student representation on the Council was provided for in 1938, by a section of the Statutes Amendment Act, which added a member to be appointed by the Executive of the Students' Association. By this Act, also, the Council was freed from the necessity of having its by-laws approved by the Governor-General.

In 1946 a section of the Statutes Amendment Act made provision for a full-time Principal. In 1947 The Victoria University College Amendment Act provided for an increase from one to two in the number of members of the Council appointed by the Professorial Board and for another member of the Council to be elected by the Teaching Staff.

The amending legislation of 1957 and the Act of 1961 reconstituting the University as an autonomous University is of special importance as being a public recognition of the great developments which have taken place in the College since its foundation in 1899. These developments have been particularly striking during the years following World War II.

THE BUILDINGS

For some time after the passing of the Victoria College Act there was considerable argument over the provision of a site for a College building, which was terminated, not entirely to the satisfaction of well-wishers of the new institution, by the passing of an act (the Victoria College Site &c. Act) in 1901, which empowered the Council to acquire part of a town reserve on Salamanca Road—six acres of hill, carrying with it a magnificent view and the certainty of great expense in development. The Government made a grant of £31,000 towards the cost of building, and the first portion of the present structure, designed by Messrs Penty & Blake, was opened on 30 March 1906 by Lord Plunket, then Governor of the Colony. A further

portion, forming a wing at the rear of the Arts (Hunter) Building, was completed in March 1910. In 1919 the Government made a grant for the north wing, thus providing new and much-needed accommodation for the Library, as well as additional class-rooms, a Women's Common Room and a Tea Room. Into the wall of this wing, just outside the entrance, was built a stone for a memorial for those students of the College who had died in the Great War. They are also commemorated by the stained glass window and brasses in the Library, which were unveiled as part of the Silver Jubilee celebrations of 1924. The south wing was provided for by another Government grant made in 1921, to provide further accommodation for the science departments. This completed the buildings until the erection of the new Administration (Robert Stout) and Biology (Kirk) Blocks in 1937-9, also paid for by the Government through a grant of about £50,000; these last portions were designed by Messrs W. Gray Young and Francis H. Swan. The wooden gymnasium was built by public subscription in 1909, the tennis courts below being excavated by the students themselves in 1905.

In 1951 and in later years the Government provided funds for the purchase of house properties in Kelburn Parade, thus easing urgent accommodation needs.

At the end of 1953 the Government approved of a grant for a third storey to the Biology Block. This additional storey was completed in 1954. The greater part of this new accommodation was in effect a replacement of five temporary huts which had to be demolished to enable further building operations to proceed.

Early in 1955 the Government approved the College's letting a contract for the erection of a six storey building to house certain of the Science departments and for general purposes. This building (the Easterfield Building) was completed in the course of 1958.

In 1958 a contract was let and work begun on the Student Union Building. This building, which was officially opened in 1961, is the centre of extra-curricular activity and contains common rooms, a cafeteria, a little theatre, Students' Association offices and recreational rooms. A new gymnasium forms part of the Student Union project. The Union Building has been erected on the site of the original tennis courts and new courts, together with a new pavilion, are being provided on City Council land opposite.

In July 1958 the Government authorised the University to proceed with the planning of the Arts and Library (Rankine Brown) Building and the extension and alteration of the Administration Building. Work on the latter building was completed in 1961, and construction of the Rankine Brown Building began in 1962.

The programme of building development provides next for an extension of the Kirk Building, and the construction of a new building for the Departments of Physics, Geography and Geology.

FINANCE

The College has virtually no endowment in land, and none in money that is available for general purposes. The benefit of revenues derived from the Opaku Reserve in Taranaki, to which it has laid claim, was by the Taranaki Scholarships Act, 1905, confined to the youth of Taranaki, who may be granted 'Taranaki Scholarships' on the results of the University Entrance Scholarship examination. Nearly all university activity in the Victoria University District therefore has depended and depends on Government finance, either through statutory grants or grants for special purposes. The early Queen's Scholarships crippled the College financially in its first years: an amending act

of 1903 provided for six Junior and four Senior Scholarships of this type, but in 1906 the College was relieved of their payment, and in 1907, by an amending act to the Education Act, they were abolished. £4,000 per annum was obviously not enough for the administration of a university college, even if it had not been expanding, as this one was, and in 1905 an additional annual grant of £2,000 was instituted, for 'specialisation in Law and Science'—though, in reality, such specialisation does not seem to have been expected. A further increase of £3,000 was made in 1914 by the New Zealand University Amendment Act of that year, which readjusted the finances of all the colleges, plus a share of the 'National Endowment' amounting to upwards of £1,900. This Act consolidated all the grants apart from that from the National Endowment into a single annual grant of £9,000, which was again increased (from 1 April 1920) by the New Zealand University Amendment Act, 1919, by £2,500—of which £850 was a special grant for a chair of Education. A short act amending the College Act in 1923 gave the Council power to levy its own class fees without the previous approval of the Governor-in-Council. Still another University Amendment Act, in 1928, increased the statutory grant, apart from the special Education grant, to £11,750. From this point the grant receded, as the Government instituted economies in the Depression; in 1931 it was reduced to £9,431 18s., and the grant for the chair of Education was withdrawn; in 1932 it became £7,350 and was made no longer statutory, but subject to annual vote. In 1934 it was increased to £7,800, in 1935 to £10,145 and later £12,166, and in 1936 to £14,320. In 1938, as the result of discussion on the relation of the University to the Public Service, the Government decided to make a new annual grant of £2,000*, to found a Department of Politi-

cal Science and Public Administration, thus in some sort fulfilling the wish expressed by Sir Robert Stout as long ago as 1886. In recent years consequent on representations made to the Minister by the Conference of University Colleges and the University of New Zealand substantial increases have been made to the annual grant for general purposes. In 1948 a University Grants Committee was set up by the N.Z. University and a system of Block Grants to the University Colleges was introduced for general purposes, covering a five year period. This system has now been continued for a further period.

In 1948 the Government agreed to establish a School of Social Science and made a grant for the Professor's salary. The Council appointed Mr D. C. Marsh, M.Com. (Birmingham) as the first Professor in charge of the school.

One partly endowed chair exists, the T. G. Macarthy Chair of Economics, which owes its origin to a grant of £10,000 made by the Trustees of the late T. G. Macarthy in 1915 ; owing to delay caused by the War, the chair was not actually founded till 1920. A chair of Agriculture was endowed by a gift of £10,000 from Sir Walter Buchanan in 1923, and filled in 1925. Auckland University College, however, had almost simultaneously founded a School of Agriculture, and both Colleges agreeing to join in founding the Massey Agricultural College at Palmerston North in 1927, the income derived from the Buchanan Trust funds was thenceforth made over to the new College, to which the chair was also transferred. The sum of £10,000 was also, in 1915, left to the College under the will of Sarah Anne Rhodes, to provide for the education of women ; in 1921 the Council arranged with the Trustees to devote the income to the fostering of Home Science, through the institution of a Sarah Anne Rhodes Fellowship or Scholarship; in 1930 the regulations were altered to provide for a Travelling Fellow and/or a Lecturing

Fellow. Monetary gifts and benefactions have provided a number of other scholarships of varying value, for both men and women students. Between 1933 and 1937 the Carnegie Corporation of New York made generous allocations to the Library, in money or in kind, of \$32,500. Mr L. O. H. Tripp, who died in 1957, and who has been a friend of the University from its earliest days, bequeathed to it the sum of £5,000. The greatest benefaction ever received by the College was the £77,500 left by Mr William Weir in 1926, to provide a hostel for men students.

HOSTELS

Great need for hostels had always been felt, both as an aid to the corporate life of students and as a solution to the problem of getting adequate board and lodging in Wellington, and as a Government subsidy was by statute payable on voluntary contributions to the University or its Colleges, the Weir Bequest seemed of even greater value than it actually was. Plans were therefore drawn up on a large scale by Messrs W. Gray Young and Francis H. Swan for a building on a good site near the College. A University Amendment Act of 1928, however, limited the Government subsidy on any bequest to a maximum of £25,000, and with the coming of the depression the Government refused to pay any subsidy at all. This caused substantial modifications of the plans, even after the foundations had been laid, and the completion of the structure had to be indefinitely postponed. Weir House was opened by the Governor-General, Lord Bledisloe, on 6 March 1933. It accommodates 97 students. The first Warden was Dr I. A. Henning ; and the first Matron, Miss I. K. Irvine.

In 1964 the Government announced a grant of £185,000 from Colombo Plan Funds for first stage extensions to Weir House. The total number of new places will

be 89, and of them 55 will be reserved for Colombo Plan students. Work is expected to begin in the first half of 1965.

No similar large-scale provision for women students has yet been attainable. The generosity of the Society of Friends in 1915 provided a specially-built hostel for Training College students, where those who were students of both institutions could find accommodation; but when the Training College was closed during the depression this hostel was also closed. A valuable beginning was made in 1909 by the Women Students' Hostel Society, which, though not officially connected with nor under the control of the University, has carried on since that date Victoria House, 282 The Terrace, with accommodation for 39 students. This Society in 1938 acquired a second house, 216 The Terrace, which is similarly maintained, accommodating 16. Another hostel, not officially connected with the College, has been established at 31, Messines Rd. under the auspices of the Student Christian Movement and this hostel accommodates thirty women students. There exists still, however, a considerable problem, which urgently needs solution.

GENERAL DEVELOPMENT

In spite of the terms of the original Victoria College Act, 1897, and in spite of the fact, also, that its full-time students were always in a small minority, the College from the first built up a fairly vigorous and independent corporate life. Its independence and vitality were shown in the University Reform movement of 1908-14, of which professors of the College were among the leaders, supported strongly by their own students. So far as the College was concerned, this resulted in certain changes in the constitution of the Council, giving the professors direct representation thereon (the Victoria College Amendment

Act, 1914), and in larger Government grants (the New Zealand University Amendment Act, 1914). Strong, though unsuccessful, resistance also was shown to the public outcry for the victimisation of a professor of German blood in 1915; in the War 620 students and old students served with the Forces, and 150 sacrificed their lives. During and after the War the movement for University reform was carried on, both by the Board of Studies set up by the University Amendment Act, 1914, and by University teachers, mainly of Victoria and Canterbury Colleges. This movement centred round the demand for the reform of the examining system by the abolition of examinations conducted from abroad, as recommended by the Royal Commission of 1879; round the distribution of 'special schools,' in which this College was not directly interested to any great extent; and round the later demand for the creation of four separate universities. The upshot was the second Royal Commission on the University, which reported in 1925 in favour of the creation of a federal system as a transitional measure of indeterminate duration. Such a system was established, very imperfectly, by the New Zealand University Amendment Act, 1926, and succeeding Acts; under the 1926 Act the College became in status a constituent college of a federal, and no longer merely an affiliated college of an examining, University. Its internal administration was made more rational by the appointment in 1938 of a Principal, provided for by the consolidated Victoria University College Act, 1933, but postponed pending the College's emergence from the period of straitened finance. Professor T. A. Hunter became the first Principal. Palmerston North University College, established in 1960 as a branch of the Victoria University of Wellington, merged in 1963 with Massey College to form the Massey University College of Manawatu. This College then in January, 1964 achieved

full autonomy as the Massey University of Manawatu.

Student organisation, and student thought on the problems of the College and the University, are practically coeval with the College. The 'Victoria College Students' Society' was founded on 6 May 1899 at a meeting held at the Girls' High School. A new constitution was passed in 1903 and the name of the Society altered to 'Students' Association'. It was the Association which in this year moved for the acquisition of a coat-of-arms for the College; it raised money vigorously towards the cost of the College buildings, and in other ways played a great part in the critical formative years of the corporate body. *The Spike, or Victoria University College Review*, was first published in 1902. *The Old Clay Patch*, a collection of verse by students, appeared in 1910, and a second edition in 1920. The Debating Society was founded in 1899, and round the central association rapidly grew most of the College clubs now in existence.

In 1949 the College celebrated its Jubilee. A Committee successfully appealed for funds amounting to £35,000 for a Student Union Building, towards the cost of which the Government provided a liberal subsidy.

The following volumes were published :

Victoria University College by J. C. Beaglehole.

The Old Clay Patch (Third Edition). Edited by a Committee.

The Spike: Golden Jubilee Number. Edited by R. W. Burchfield.

Some years ago it was suggested that the College could not be developed on the present site; but after full investigation the Council decided that it would be in the best interests of higher education for the College to remain in Wellington if the site could be extended. In 1949 a satisfactory agreement was reached between the City Council and the Government with regard to exchange of Crown

Land for part of the Town Belt and legislation was passed, whereby under the Reserves & Other Lands Disposal Act, 1949, an area of 13 acres of the Wellington Town Belt immediately adjoining the Victoria University College site was transferred to the College.

One of the great landmarks in the University's history was the Government approval, in 1964, of a development plan which will increase the area of land available to the University from a present total of a little more than 20 acres to a total of approximately 130 acres. Portion of the area consists of broken country and it is estimated that by earthmoving operations a useable site of approximately 100 acres can be provided.

In 1954 a grant of £3,500 was made by the Government to assist in the development of Te Aro Park as a University playing field, since named Boyd-Wilson Field.

ADULT EDUCATION

Adult Education has been provided for, to the best of the College's ability, since 1915, when the Workers' Educational Association, then at the outset of its work in New Zealand, established three tutorial classes in Wellington. The movement grew on lines rather different from the English model, being limited by inadequate financial resources (its main recourse, in spite of support from public bodies, being to Government grants) and the consequential small extent to which it could employ tutors for the wide country districts, both in the North and in the South Island (Nelson and Marlborough). It has therefore had to work in the country largely by means of 'box courses', and 'discussion courses' carried on by post, a tutor-organiser covering what ground he could. In 1932 the Government grant was withdrawn altogether, and though in 1934 the movement was saved by a tapering grant from the Carnegie Corporation, the Association could no longer maintain a full-time tutor-organiser. With the return of the Government grant in 1936 it was possible to extend the work once more, and first one tutor-organiser for country work was appointed in 1936, and then a second in 1938. Two additional grants were made by the Government in 1937, one specifically for tutorial work in Public Works Camps. Meanwhile other agencies for adult education had come into being, and it was felt that some co-ordination of effort and expenditure was necessary. At the request of the Minister of Education, the Hon. P. Fraser, a committee was set up by the University Senate to go into the matter, and as a result of its report there

was formed in 1938 a Council of Adult Education, through the agency of which it was intended to put the work of the W.E.A., among other organisations, on a new and much more satisfactory basis all over the country.

In 1945 the Council of Adult Education set up a Consultative Committee, which published its report on the problems of Adult Education in 1947. As one result the Adult Education Act, 1947, was passed, setting up a National Council of Adult Education with much wider powers, and four Regional Councils connected with the constituent colleges of the University. A new Adult Education Act passed in 1963 reconstitutes the National Council. The provisions of the 1947 Act with respect to Regional Councils are repealed and not replaced and it is now for the University Councils under their several powers to make arrangements in respect of adult education work and its organisation.

HUNTER BUILDING

The Arts building, the oldest part of the University fabric, is named after Sir Thomas Hunter, first professor of philosophy and psychology. Thomas Alexander Hunter was born in London in 1876 and spent his boyhood in Dunedin; at the University of Otago he took a senior scholarship and a first in mental and moral philosophy. After ten years' school-teaching he was appointed, in 1904, to Victoria University College as lecturer in mental science and political economy; became professor of philosophy and economics in 1907, and in 1909 of philosophy and psychology, which chair he retained until 1947. From 1938 he was the first Principal, and from 1948 to 1951 the first full-time Principal of the College. In 1939 he was created K.B.E.; in 1946 was made by his colleagues the recipient of a *festschrift*, the first person so honoured in New Zealand. It is impossible in a short space to detail Hunter's services to the College, or to overestimate their

value, or the value of his influence for almost fifty years in its life. Free, independent, and courageous of thought, of great acuteness and fertility of mind, he was for very many people, both students and public, its very essence. In general university and educational life his work was also of great importance: he was a leader of the university reform movement from 1910, a member of the University Senate from 1912 to 1950, Vice-Chancellor of the University of New Zealand 1929-47. He was a leader in adult education, a leader in the organisation of agricultural education and of educational research. No man, in fact, ever did more for education in New Zealand. Hunter died, after a short retirement, in 1953.

ROBERT STOUT BUILDING

The Administration building is named after Sir Robert Stout (1844-1930), one of the great figures in New Zealand political and legal history, and the virtual founder of this University. Stout was a Shetland Islander who came to seek his fortune in Otago in 1864, went on from school-teaching to law, in which he had a shining career as an advocate, and had a long though broken career in politics as a liberal leader. He was Premier 1884-7; K.C.M.G. 1886; Chief Justice 1899-1926. His two life-long advocacies were temperance and education. He had much to do with University administration in both Otago and Wellington. He taught law in Otago, was a member of the Senate of the University of New Zealand from 1884, and Chancellor 1903-23. In 1887 he first brought a bill into parliament for establishing a Wellington university college. This was defeated. His enthusiasm did not cease; he introduced and got passed a second bill in 1894. But this, as a private member's bill, could not provide the necessary finance, and in spite of desperate prodding, no government move was made till 1897, when the Victoria College Act was

passed. Stout was a member of the Council 1898-1915, 1918-23, and its chairman 1900-01 and 1905. As Chancellor of the University he led the opposition to the early reform movement, but had always the highest standard of learning, both liberal and professional, close to his expansive and benevolent heart.

KIRK BUILDING

The Biology building is named after Harry Borrer Kirk (died 1948), first professor of biology, 1903-44. Kirk was the son of a distinguished botanist; his early adult life was spent in the backblocks, as an inspector of Maori schools, close to New Zealand in its natural and primitive state; and in spite of his brilliance as a student and his wide experience, there was some alarm at his appointment. Of this his life as a teacher was a triumphant vindication. Taking all biology for his province, and devoting himself quite selflessly to his students, he could never build up a great reputation as an original scientist; his contributions to his subject were none the less considerable, and those of his students form a lengthy and distinguished list. What made Kirk a great force in teaching, however, and a great force in the College, was not his erudition, or his long hours of work, so much as his native and unstrained character. To a great knowledge of mankind he added an unconventionality and sweetness of mind, a humour, generosity and delicacy that brought him the love of many generations of students, from many departments besides his own, as of his colleagues of whatever interest or age. His wisdom was more than gold. He is commemorated by a bronze portrait plaque and inscription, unveiled before his retirement, in the building named after him.

EASTERFIELD BUILDING

This building is named after Thomas Hill Easterfield (1866-1949), the foundation professor of chemistry and physics. Easterfield was a Yorkshireman, educated at Leeds, Cambridge, Zürich and Würzburg; before coming to New Zealand in 1899 he had lectured for the university extension movement and taught at the Perse School. Buoyant in mind, but swift and persistent, a master of lecturing-technique, he was the first of our teachers to express his distrust of lecturing, and to proclaim the necessity of research, in which he had himself been trained; and his chemical laboratory in Victoria Street was thus the first scene of practical experiment in the College's history. With Hunter and Kirk, he was vehement for university reform: as with them, there was no room in his mind for cant. In the first twenty years of the College he taught some extremely able students, and he was a born builder of a department. By the end of that time, his interests had turned increasingly to the organisation of research, he felt he had given the institution all he had to give, and he seized the opportunity to become first director of the Cawthron Institute, where his term of office, from 1920 to 1933, was of great importance in scientific research in New Zealand. The College, not ungrateful for his work, had made him its first emeritus professor, and in 1938 he was created K.B.E.

RANKINE BROWN BUILDING

Construction began in 1962 of the new Arts and Library Building, which will be named after John Rankine Brown, foundation professor of classics—who was also the College's first teacher of French. John Rankine Brown (1861-1947) was a Scotsman, the son of the tailor to St Andrews University, and in the traditional Scots democratic way he took heartily to education, leaving

St Andrews with a distinguished master's degree for further distinction at Oxford. From 1886 he taught at Glasgow, becoming in 1896 senior university lecturer in Latin, a well-known and first-rate teacher. At Victoria he taught for forty-six years, shy, cautious, kind, broadening his own concept of a classical education, and bringing the ancient Greeks alive for students who never guessed they were anything more than ancient. He had a part in College administration all through his life; was a member of the University Senate for twenty-seven years, and Vice-Chancellor 1923-27. He retired from his chair in 1945, was made emeritus professor and K.B.E. in 1946, and died in the following year.

BOYD-WILSON FIELD

The Boyd-Wilson Field is named after Edwin John Boyd-Wilson, professor of modern languages from 1920 to 1954. A man of super-abounding energy and enthusiasms, a distinguished footballer at Canterbury University College, whence he went to Cambridge, Boyd-Wilson was not merely a good teacher and a good colleague, but a person devoted to a wide variety of outdoor pursuits. Like Nimrod a mighty hunter, he was also the founder of the Tramping Club, and for very many years one of the chief props and stays of the Football Club, as well as a member of the management committee of the Wellington Rugby Football Union from 1927 to 1945. When the university athletic field was in contemplation he gave to it early and most generous support. His friendships were multifarious, especially with students, his tolerance great, his hospitality unceasing, his kind-heartedness like his energy overflowing. On his retirement he joined the band of emeritus professors, having already been made by the Government of France *officier de l'Académie Française*.
